## ALL MADE READY FOR ITALY TO TAKE PART IN MARITIME PATROL

Three Powers Already Committed to Plan Waiting Only Formal Approval—Italy to Be Accorded Full Parity With France and Great Britain In Anti-Piracy Work

PARIS, Sept. 29 (AP).—All that was necessary to send Italian warships into the Mediterranean on anti-piracy policing duty with Great Britain and France tonight was formal approval of a plan to which the three nations already are committed.

The agreement, announced today by French, British and Italian naval experts, would bring Italy into collaboration with the Nyon powers to end submarine attacks on international shipping in the Mediterranean.

**SWIFT WIND-UP**  
The work of the conference, in session here since Monday, was wound up swiftly so the plan might be rushed to the three Governments for their signatures.

It complied with Italian demands that Italy be recognized as a "great Mediterranean power" and be accorded full parity with Great Britain and France in the patrol.

Assignments were divided into three separate zones, placing the fleets in waters in which each nation is most interested.

## LEAGUE INQUIRY TO BE HURRIED

Special Sub-Committee to Examine Conflict in Far East

GENEVA, Sept. 29 (AP).—Demand for action on the Sino-Japanese crisis spurred the League of Nations advisory committee on Far Eastern affairs tonight to establish a special sub-committee to make an intensive study of the conflict.

Acting on the proposal of Francois de Tesson, France's Under-Secretary for Foreign Affairs, the twenty-three nations composing the committee will meet tomorrow to select and instruct members of the sub-committee.

The impassioned effort of Dr. V. K. Wellington Koo, China's delegate, to persuade the committee immediately to declare China a victim of Japanese aggression failed. A spokesman declared the committee thought it better not to move forward so rapidly.

**OTHERS ARE CONCERNED**  
Viscount Cranborne, Foreign Under-Secretary, stated the British Government could not accept any claims that the Sino-Japanese conflict concerns only the combatants. The problems raised affect other powers, whether League members or not, he declared. He stressed urgency of continuing attempts to end the hostilities.

Cheers greeted Leland Harrison, United States observer at Geneva, when he read State Secretary Cordell Hull's statement branding Japanese bombing of unprotected Chinese cities as "unwarranted and contrary to the principles of humanity." The League condemned such military operations in similar terms earlier.

## Merritt Indian Is Under Arrest

MERRITT, Sept. 29 (AP).—Joseph George, one of four Indian brothers tried for the murder of a Dominion Indian Department officer near here two years ago, was arrested tonight and charged with criminal assault. The Clearwater Reserve Indian was arrested on information laid by his fifty-two-year-old mother-in-law.

## TRANSPORT PLANE MISSING

ALBUQUERQUE, N.M., Sept. 29 (AP).—A tri-motored transport plane, leased for private use, was reported missing at T.W.A. airport tonight, when it was unheard from nearly twelve hours after taking off for Winslow, Ariz., and the Pacific Coast.

## May Discuss Alaska Road With Premier

SEATTLE, Sept. 29 (AP).—President Roosevelt displays keen interest in the proposed Alaska extension of the Pacific Highway, Representative Warren G. Magnuson said today after talking with the President on the trip here last night from Vancouver, Wash.

Magnuson said he called the President's attention to the Alaska-Pacific Highway project.

"The President replied if possible he would discuss with Provincial leaders at Victoria tomorrow the chances for an early start on it," the congressman said.

## POPE DELIVERS STRONG REBUKE

Has Stern Criticism for Communism and Practitioners of Pagan Cult

VATICAN CITY, Sept. 29 (AP).—Pope Pius today uttered equally stern criticism of Communism and its opponents who practice a "pagan" cult of state.

Prelates interpreted the latter as a reference to Germany. The Pope rebuke, aimed apparently at Russia, Spain and Mexico as well as Germany, came in an encyclical calling Roman Catholics to prayer for salvation of the world in face of destruction by atheism.

The encyclical was published as Italian newspapers printed the full texts of Berlin speeches made by Premier Mussolini and Chancellor Hitler, and as Rome officials announced a huge demonstration of homage for Mussolini when he returns tomorrow.

Relegated to the back pages of Italian newspapers, the encyclical proclaimed that Communism "rears itself in denial even of all right to private property" as the world reached a spiritual crisis due to forgetfulness of God.

On the other hand, the Pontiff insisted there are men practicing a cult of state whose anti-Communism measures leave the people to "exhume pagan errors and morals," a reference prelates interpreted as underscoring the Vatican's long conflict with German National Socialism. The Pope branded all atheists as "enemies of the eternal."

## LEADER RESIGNS

HALIFAX, Sept. 29 (AP).—Resignation of Col. G. S. Harrington as leader of the Conservative party in Nova Scotia was accepted tonight by a meeting of the executive of the provincial association. Selection of a new leader for the party was not discussed.

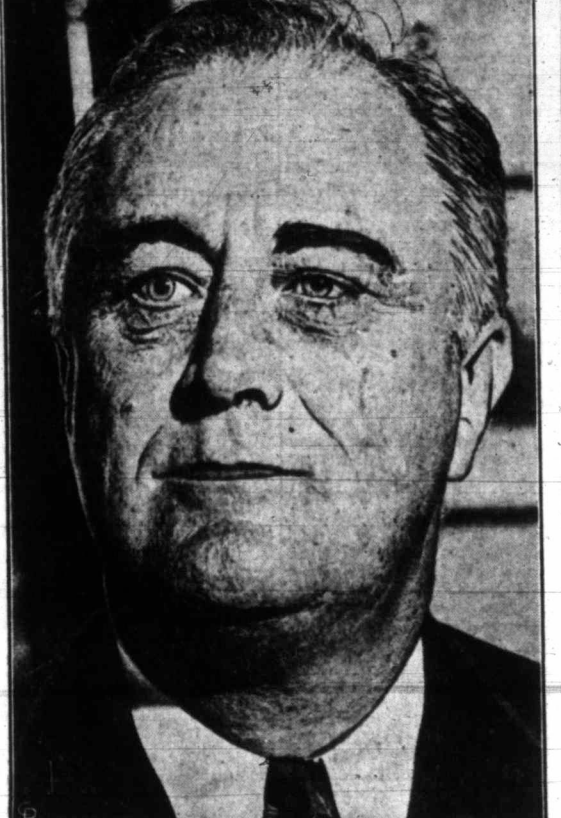

## Plea Made Here for Reduction in Rates On Fire Insurance

Mayor, Fire Wardens, Aldermen and Underwriters Hold Two Conferences at City Hall—Request Is to Be Considered by Association

BRITISH Columbia Insurance Underwriters' Association promised to consider fire wardens' plea for a reduction in fire insurance rates here, Alderman W. Lloyd Morgan announced yesterday after morning and afternoon conferences with underwriters' representatives. A third meeting will take place some time today.

Present at the two closed gatherings in the City Hall were John L. Noble, manager of the British Columbia Insurance Underwriters' Association, fire branch; P. F. Dowling, chief engineer; D. S. McGregor, district manager of the association; Lieut.-Colonel Brooke Stephenson, president of Victoria Fire Insurance Underwriters' Association; Mayor Andrew McGavin, Aldermen S. H.

Presidential Party to Pass Twice Through Streets In Course of Courtesy Call to Victoria Today—Two Luncheons and Massed Schools Demonstration Planned

VICTORIA, as the capital city of Canada's westernmost province, will be en fete today in a united public reception to Hon. Franklin D. Roosevelt, President of the United States; Mrs. Roosevelt, members of their family, and a large corps of Washington news correspondents. After an initial reception similar to that which would be extended to royalty, the proceedings will be informal at the request of the President himself.

## REGARD VOYAGE AS GREAT JOKE

Tanker Reports "All Well" On Endeavour I Now Nearing England

ELLSMERE, England, Sept. 29 (AP).—The tanker Cheyenne, discoverer of the lost racing yacht Endeavour I, arrived at Eastham Locks tonight to report the yacht's crew evidently regarded their voyage as "a great joke."

Captain Vernon H. Alcock repeated the story of how the yacht was sighted two days ago 260 miles off the Irish coast after she had been missing since September 13. She broke away from her tow while returning from the United States. A member of the Cheyenne's crew said:

"I could see the Endeavour's crew on deck. They all looked well and in high spirits. As a matter of fact, I am sure they all regarded the whole thing as a great joke."

Captain Alcock said he sailed on after getting the yacht's "all well" because he knew her skipper would want to make the remainder of the journey to England alone.

Inhabitants of the southern fringe of the English coast meanwhile waited impatiently for sight of the yacht which is expected to arrive on Thursday night or Friday morning. She was passed today by the tanker Esso Belgium, which then wireless "all well on board."

## One Killed When Freights Collide

ALBANY, N.Y., Sept. 29 (AP).—Brakeman W. Wendt was killed and Fireman T. Butt seriously injured when two Canadian National Railways freight trains met in a head-on collision just east of here tonight. Some others, their number not immediately known, were also injured less seriously. About fifty yards of track was torn up and the engines wedged tightly together as the trains, each traveling at about thirty miles an hour, crashed during a snowstorm.

## FRONT SILENT AFTER REPULSE OF JAPAN'S FIERCE OFFENSIVE

Defence Lines Around Shanghai Held Intact by Chinese—No Sign of Weakening in Long-Strafed Chapel Sector—Planes Inflict Heavy Casualties in Canton Area

## Daring Infantry Offensive Starts Amid Mountain Peaks

SHANGHAI, Sept. 30 (AP).—Chinese defenders of Shanghai held their lines intact today after weathering a terrific offensive into which Japan hurled every weapon she could muster. Early today, after some of the fiercest close-range fighting on the Shanghai front since the outbreak of the conflict, the front was silent. Japanese warships, lining the Whangpoo River from Shanghai to Woosung, where it merges with the Yangtze River, lay with extinguished lights in complete darkness.

## NOT TAKING WAR RISKS

British Insurance Companies Argue Their Move Will Encourage Peace

LONDON, Sept. 29 (AP).—The long-range destructive power of modern aircraft caused British insurance companies today to cease issuing war risk insurance. They argued their move would encourage peace.

## WOULD REFER LAW TO COURT

Alberta House Told Government Will Seek Judgment On Disallowed Measure

EDMONTON, Sept. 29 (AP).—Hon. Lucien Maynard, Minister of Municipal Affairs, today told the Alberta Legislature the Government intended to negotiate with the Federal Government for a reference to the courts on the rights of disallowance of legislation of any province, and to amend and consolidate the Credit of Alberta Regulations Act, one of three bills disallowed by the Federal Government.

Mr. Maynard spoke during debate on a resolution denying Federal authority to disallow provincial legislation and expressing determination to implement three disallowed acts. Final decision of the Government, said Mr. Maynard, would rest on the House's action respecting the resolution.

J. J. Bowlen, Liberal House Leader, and D. M. Duggan, Conservative Leader, questioned constitutionality of the action, and Mr. Duggan declared the resolution asked the House to favor implementation of a law that did not exist.

Gerald O'Connor (Lib., Edmonton) was speaking when the House adjourned until tomorrow.

## DIES FROM INJURY AS CARS COLLIDE

VANCOUVER, Sept. 29 (AP).—Herbert Hemer died in hospital here tonight, a few hours after the car he was driving collided with another automobile at an intersection. He was alone in his car when it collided with another, which police said was driven by Dr. A. F. M. Proctor, a visitor from New York, who was unhurt.

## LATE NEWS BULLETINS

**FREIGHTER REPORTED IN TROUBLE AT SEA**  
LOS ANGELES, Sept. 30, 2:30 a.m. (AP).—An SOS call from the Canadian freighter Soloy, which left Vancouver at 6 o'clock last night for Houston, Texas, was received here early this morning. The vessel did not give her position. Both San Francisco and Los Angeles were endeavoring to resume wireless communication.

**CLAIM RUSSIAN COMMANDER ADVISING CHINESE**  
SHANGHAI, Sept. 30 (AP).—Japanese sources declared today they had information indicating that the commander-in-chief of the Russian Army in the Far East, Marshal Vasily Galante-Blescher, was actively directing the Chinese military strategy against Japan.

**WOUNDED AMBASSADOR MAY RECEIVE PAYMENT**  
LONDON, Sept. 29 (AP).—The Foreign Office announced tonight Parliament would be asked to vote £5,000 (about \$24,750) to Sir Hugh Knatchbull-Hugessen, British Ambassador to China, who was seriously wounded by Japanese aircraft, August 26.

**INSURGENTS CRASH SHELLS INTO MADRID**  
MADRID, Sept. 29 (AP).—Spanish insurgent artillery crashed thirty shells into the heart of Madrid tonight as after-theatre crowds were picking their way home through pitch-dark streets. The number of casualties could not be determined immediately.

**JAPANESE OFFICIALS TO WEAR OLD CLOTHES**  
TOKIO, Sept. 29 (AP-Havas).—Twenty-six thousand Japanese Finance Ministry officials today were ordered to refrain from buying new clothes for the duration of hostilities with China, in an effort to preserve Japan's dwindling supply of foreign raw materials.

**AUTOMOBILE UNION FIRES TEN ORGANIZERS**  
DETROIT, Sept. 29 (AP).—Homer Markin, president of the United Automobile Workers of America, shook up the high command of the U.A.W. throughout the United States today with announcement of dismissal of ten organizers, and assignment of regional directors.

## JAPANESE DEFEND NANKING BOMBING

TOKIO, Sept. 30 (AP).—The Japanese Government today defended as strategically necessary the aerial bombing of Nanking, which drew protests from world Governments, including Great Britain and the United States. The Japanese point of view was contained in a reply, made public today, to the formal United States protest of September 22, transmitted after oral representations against Japan's announced intentions of subjecting the Chinese capital to a mass aerial bombardment. The reply said that Nanking, unlike another city in China, was a strongly fortified city and the base of China's military operations. It was necessary "for Japan's purposes to bomb military organs in and out of the city." The reply denied any intention of causing damage to non-combatants and therefore had given warning of the bombing which had been planned.

## Victoria Man Has Letter From King

Robert Stewart, 1809 Crescent Road, has two interesting souvenirs in the form of letters of thanks from His Majesty the King and the Governor-General of Canada, thanking him for an expression of loyalty sent to the King at the time of the Coronation. The letter from His Majesty was sent to Mr. Stewart through Ottawa and it was accompanied by the Governor-General's letter.

The King's letter, sent from Buckingham Palace, stated: "The Private Secretary is commanded by the King to convey an expression of sincere thanks to Mr. Robert Stewart for his message of loyal assurances on the occasion of Their Majesties' Coronation."

## President Welcomed By B.C. Premier on Behalf of Province

Informal Visit of President Roosevelt Held as Friendly Act Between Good Neighbors at Difficult Time in Period of World Unrest

SPEAKING from his offices here over a British Columbia network of radio stations last evening, Premier T. D. Pattullo delivered a message of welcome to President Roosevelt and his party, who will arrive in the city for a brief visit on British soil at 12:30 p.m. today. After discussing provincial policies and issues, the Premier said:

"Tomorrow we shall have an informal visit from Franklin Delano Roosevelt, President of the United States. We are much gratified that the President is finding opportunity to visit British Columbia. The President will be accompanied by Mrs. Roosevelt and members of their family, including grandchildren. We deeply appreciate this touch of intimacy.

**IN FRIENDSHIP**  
"The President's visit is indicative of the friendly feeling of the people of the United States for the Dominion of Canada, and the invitation which was extended to the President to visit British Columbia is likewise indicative of the feeling of the people of Canada for the people of the United States.

**"TO PATAGONIA"**  
"Adjoining the Yukon Territory on the west is our neighbor the Territory of Alaska. I look forward to the day when there shall be a highway from Alaska traversing the North American and South American Continents to Patagonia.

"On this great American continent we are fortunately placed, yet let us not think our place is secure. External conditions have their reflex in internal conditions in America. As no man can live to himself alone, so also can no nation.

"At a time when, generally speaking, all nations are more keenly alive to their responsibilities than ever before, when I venture to say, they have a keener conception of right and wrong than ever before, we witness the spectacle of racial prejudices and economic voracity dominating national action in more demagogical form than ever before in the world's history.

"Not alone are nations sparring for favorable position. Some are already engaged in mortal combat, while others would move with lightning swiftness if they dare, if they felt reasonably sure of successful venture, to the ruin and degradation of their neighbors.

**LINK IN CHAIN**  
"As part of the British Empire, with which Canada stands in indissoluble relationship, we are a link in the chain of friendship between the British Empire and the United States of America.

"On behalf of the people of British Columbia I extend the most cordial greetings and felicitations to President Roosevelt, Mrs. Roosevelt, the members of their family and all other members of the President's party.

"We trust that their visit here will be of a most enjoyable character and I wish to assure the President

## CHILDREN TO WAVE FLAGS

Schools of Greater Victoria Plan Rousing Welcome To President

President Franklin Delano Roosevelt will receive a royal welcome from several thousand school children when he passes along Rockland Avenue this afternoon to pay an official visit to Lieutenant-Governor Eric W. Hamber.

Pupils from city, Oak Bay and Esquimalt schools, with exception of those in Grades I and II, will line Rockland Avenue from Linden Avenue to Government House, waving red, white and blue streamers, Union Jacks and the Stars and Stripes. The President's route will be decorated with bunting in the form of shields, crossed by Union Jacks and star-spangled banners.

**GUIDES AND BROWNIES**  
Girl Guides and Brownies, with their colors, will stand at attention on both sides of Rockland Avenue from Cook Street to Linden Avenue to give President Roosevelt a royal salute.

Rockland Avenue from Cook Street east will be closed to the general public from noon until the school children are dismissed. Chief Thomas Heatley issued an appeal to motorists not to park their vehicles along the route to be followed by the United States President, both to and from Ogden Point docks.

At Linden and Rockland Avenues, the President will pass under a large arch decorated with golden rod, Michaelmas daisies and maple leaves, bearing the word "Welcome" in huge letters. High school boys at ten-foot intervals will support a long paper rope of red, white and blue, extending to Government House.

East of the arch children will wave Union Jacks and the Stars and Stripes, followed by groups at Moss Street and the entrance to Government House.

Standards of the two nations will be raised with ceremony by school cadets and pupils in the uniforms of befeaters of the Tower of London at Government House gates. The boys will be dressed as Elizabethan soldiers.

Flowers will be presented to the President, the Lieutenant-Governor and Premier T. D. Pattullo by fourteen girls dressed in Martha Washington costumes. Mrs. Roosevelt and Mrs. Hamber will receive bouquets.

## FRONT SILENT AFTER REPULSE

Continued from Page 1

but this correspondent, touring that area, found the Chinese dug in deeper than ever and showing no sign of weakening.

"The Japanese can blast us forever, but they will never dislodge us this time," declared General Sun Yun-Liang, commanding the Chapel defences.

"Burned twice, Chapel has become one of the nation's greatest military shrines. Weeks of continuous, concentrated Japanese attacks have failed.

**POOR FIGHTERS**  
"We have found the Japanese infantrymen poor fighters and it seldom requires much effort to defeat them in hand-to-hand combat."

While the centre of fighting returned close to Shanghai after a lapse of more than a week, Nanking, China's capital, enjoyed a respite from the almost daily Japanese air raids.

Two Japanese planes were shot down in the Canton area, where air attacks caused heavy casualties and damage. About forty Chinese were killed and 100 wounded in an aerial machine gun attack on the village of Chulin.

Three Japanese bombs struck the Sun Yat-Sen University compound near Shekpei airbase and another demolished the kitchen of the Canton Military Academy.

**RAINS HANDICAP**  
The battle for Shanghai lasted throughout the day and until long after darkness, but the swampy terrain left from heavy rains hampered Japan's mechanized forces, compelling them to withdraw tanks and motorized units and use cavalry.

Explosions shook the city as a fleet of thirty Japanese warplanes, flying in swift relays from a base five miles away, dropped 250-pound and 500-pound demolition bombs on the North Station and Chapel area.

**CLIMB ROCKY PEAKS**  
PEIPING, Sept. 29 (AP)—Japanese reported tonight their infantry in Northern Shansi Province had opened a daring offensive in the high mountains surrounding the city of Taichow.

While Japanese warplanes bombed the city for two days, infantry detachments climbed the rocky peaks ten miles to the north to outflank Chinese troops in fortified Yenmen Pass and break through the Great Wall farther east.

After a stiff battle with Chinese forces at Juyueh Pass, the Japanese soldiers managed to breach the wall and begin their drive against bomb-shattered Taichow, 180 miles west-southwest of Peiping. Japanese advised said.

The fall of the city would give the Japanese substantial control of the northern part of the province and allow them to extend their battle-front west from Peiping to Hopen Province.

fences of Yenmen Pass, which has resisted all head-on attacks by the Japanese.

In the Province of Suiyuan, the Mongol cavalry of Li Shou-Hsin, supporter of Japan, galloped into Taolin and Sulinmulin, important towns along the Suiyuan-Shanai border, and routed their defenders, Japanese advised said.

Japanese asserted their troops in Eastern Hopeh Province captured Paitouchen, on the Tientsin-Pukow railroad, and were within thirty-five miles of Shantung Province.

Along the Shantung border the Christian Chinese General Feng Yu-Hsiang was said to be organizing what the Japanese thought would be the last major stand of the Chinese army in North China.

## AUGUST RELIEF TOTALS LOWER

Fewer B.C. Persons Aided Last Month Than at Any Time in Last Four Years

British Columbia relief figures stood at their lowest point since 1933 last month, with 46,741 persons in receipt of assistance, compared with 128,000 individuals at the peak of registration, and 68,900 in August last year, according to provincial reports.

The August total was made up of 10,840 heads of families, 28,900 dependents, 6,923 single men on relief and 2,568 single men on work projects in connection with forestry and other camps.

Registration for July had totaled 50,913 individuals.

## MURDER CHARGE LAID BY POLICE

Dispute at Party Ended Seriously for Loggers in Northern B.C.

Robert Gibson, of Valemount, was held in custody by the Provincial Police yesterday, charged with the murder of Arne Anderson, whose death from severance of an artery in his right arm took place early in the morning of September 28, after what

the police say was a brawl among loggers.

A coroner's jury yesterday found a verdict of murder by a person or persons unknown.

According to advices to the Provincial Police, eight persons took part in a party at Blue River on September 25, at the cabin of Robert Gibson. An altercation developed, with fists flying, followed by knife thrusts which wounded two men, Ole Zakreson and Arne Anderson. Anderson died at the main bunkhouse of the Roseberg pole camp at Mile 111, on the morning following, from loss of blood.

Gibson was arrested by the police and charged originally with wounding Zakreson. Yesterday the more serious charge of murder, in connection with the death of Anderson, was preferred, and Gibson remanded for preliminary hearing on October 5, the police said.

# Saanich Farmers Congratulated on Annual Exhibition

Hon. E. W. Hamber, Lieutenant-Governor of British Columbia, Compliments Community on Splendid Display in Formally Opening Sixty-Ninth Fair at Saanichton Agricultural Hall

DECLARING that he and Mrs. Hamber were so delighted with the experience of their first visit to a Saanich fair last year that they had decided to repeat the enjoyable experience this year and extend their congratulations and good wishes, His Honor the Lieutenant-Governor yesterday afternoon formally opened the sixty-ninth annual fall exhibition of the North and South Saanich Agricultural Society at the Agricultural Hall, Saanichton, in the presence of hundreds of applauding farmers and other residents from all parts of the Saanich Peninsula.

Despite the unusual lateness of the season and the overcast skies, one of the largest crowds on record, estimated at about 2,000, passed through the gates in the course of the afternoon, and the fair grounds and neighboring highways presented an animated spectacle.

With the exception of the brief period during which His Honor addressed the gathering, there were taking place simultaneously in various parts of the field, the Highland dancing and piping

exhibits, photography, flowers, eggs, and other indoor displays, or making a round of the poultry and rabbit houses, sheep pens, cattle sheds, etc.

## WELCOME GUESTS

George T. Mitchell, president of the fair association, welcomed the Lieutenant-Governor and Mrs. Hamber, who, accompanied by Capt. Van der Vliet, A.D.C., and Capt. MacGregor Macintosh, M.P.P.-elect, were escorted to the platform by Highland pipers.

His Honor referred to the ideal farming conditions offered in the district, which was famous for its agricultural products and the wholesome enthusiasm for farming shown by its residents. Local fairs should, he thought, be encouraged in every community. They stimulated production, raised the standard of produce, resulted in friendly competition, and engaged not only the men, but the women and children in the development of accomplishments which were healthy and helpful. Furthermore, they fostered community spirit, and gave the producer an opportunity to see something of the difficulties of marketing. The residents of Saanich, who had been conducting these fairs continuously for the past sixty-nine years, had reason to be proud of this record and of their district. The standard of the fairs was excellent and compared favorably with those held in any other part of the province. Among the attractions for which they were specially complimented were the Highland events, which His Honor and Mrs. Hamber remained for some time to watch.

An event which drew the majority of the patrons of the fair to the field west of the exhibition grounds was the sheep dog trials. Of special interest was the splendid demonstration given by "Andy" Macfarlane, of Coghlin, B.C., and his imported sheep dog, which showed not only finely-disciplined qualities and quick responsiveness to the whistle, but uncanny ability of independent judgment. He rounded the sheep into the pen in a few minutes' alert work that won many admiring comments from the spectators. This exhibition was non-competitive.

Unfortunately the competition between the other two dogs was not very successful, both failing to qualify. The Tulloch Kennels Cup was not awarded to either.

A NEW BREED  
William Hagger, Dominion egg inspector, who judged the egg classes at the Saanich Fair, stated yesterday that he had never seen any finer quality than those shown by the champions, Hutt Bros., and M. J. Miller, who entered the best three dozen brown and white eggs respectively, and W. H. Brown, who took the award for the best entry of one dozen white and one dozen brown. There is a large increase in

the brown-shelled eggs owing to public demand. The recent importation from Holland of the Barneveld hen is a direct result, as this variety supplies a "standard" brown, and is, moreover, a good table bird. Several of these hens were shown in the poultry shed by Hutt Bros., D. H. Heyer, Gavin Jack and Mr. Jealous.

## BOTTLED FRUITS

Women of the district were many times complimented on their bottled fruits. Mrs. E. Willoughby winning first and third prizes for the best jar of bottled fruit in the show, and Mrs. A. R. Anderson the second prize. Mrs. L. H. MacQueen, Royal Oak, and Mrs. A. Deveson, Saanichton, took the prizes for the best loaves, and Mrs. P. Sherritt won the B.C. Electric "special" for securing the highest points in household arts.

In the girls' sixteen years and under household arts, Kathleen Willoughby and Phyllis Deveson secured the layer-cake awards, and Betty Burt and Dorothy Hall the awards for soda tea cake.

Highland events held the interest of hundreds of spectators throughout the afternoon, the naive twins, Joan and Betty Anderson, in the "under-five-year" class, being particularly popular among the dancers. There were twenty-six competitors for the various events, the committee in charge being J. A. Dewar, Pipe Major Cameron and R. E. Nimmo.

## COWBOY AWARDS

The majority of the most-coveted awards at the fair are in the cattle section and among these the Fordham Johnson Challenge Cup is the most prized. This was awarded yesterday to Ian Douglas, "Thrive," Saanichton, for the best dairy herd exhibited. Other special awards in the cattle section were as follows:

Dewdney Challenge Cup, for best heifer exhibited by boy or girl, won by Douglas Lawson, North Saanich. Royal Bank of Canada Cup, for most points won by exhibitor in the Jersey cattle section, won by Miss G. E. Moses, North Saanich.

City of Victoria Challenge Cup for cow with best R.O.P. record, won by Easton & Burkinshaw, Victoria. Challenge Cup presented by Hon. Eric W. Hamber, Lieutenant-Governor of British Columbia, for grand champion cow, Jersey class, won by Easton & Burkinshaw, Victoria. Miss G. E. Moses, North Saanich, also won the awards for senior champion bull and junior champion bull, Jersey section.

Senior champion cow (ribbon), won by Easton & Burkinshaw, Victoria. Junior champion cow (ribbon), won by Douglas Lawson.

Muriel Raper took the first prize in the Jersey Calf Club competition and Douglas Lawson the first prize in the heifer competition. Easton & Burkinshaw took the award for the best four females, cattle, any class.

## CFCT to Broadcast President's Visit At Vantage Points

AT 12:30 o'clock this afternoon, the special events department of station CFCT will broadcast the arrival of President Roosevelt and his party to a network of six British Columbia radio stations, from three vantage points along the procession route. The actual arrival of the U.S.S. Phelps will be described from Pier "A," Ogden Point Dock. Other pick-ups will be made by remote control from Parliament Square and the roof of the Arcade Building, Government Street. Stations connected with the network are CJOR and CKMO, Vancouver; CHWK, Chilliwack; CFJC, Kamloops; CKOV, Kelowna, and CJAT, Trail. The departure of the Chief Executive at 3 o'clock will be broadcast locally.

## MOTIVE POWER HEAD PASSES

George Whiteley, Well-Known C.P.R. Official, Dead of Heart Attack

TORONTO, Sept. 29.—The death occurred here this morning of George Whiteley, superintendent of motive power and car department, Eastern lines, Canadian Pacific Railway, in his fifty-eighth year, from a heart attack.

Mr. Whiteley was born at Toronto on March 2, 1880, and was one of the most widely-known railwaymen in the Dominion. He was educated at Toronto and Allandale Schools and the Barrie College Institute, and entered the service of the company on September 8, 1902, as a fireman at Port William.

On April 1, 1903, he went to Moose Jaw as an engineer, and during the years 1912, 1913, and 1914 held the position of master mechanic at Moose Jaw and Calgary, respectively. On January 9, 1915, he became assistant superintendent of motive power and car department at Montreal, and on January 1, 1931, was made superintendent of motive power and car department for Eastern lines.

When the Eastern lines headquarters of the company were moved to Toronto on May 1, Mr. Whiteley made his headquarters in this city.

He is survived by his widow, formerly Fannie Scott, of Nanaimo, Ont., and one daughter, Frances, at present attending McGill University. The funeral will be held on Friday afternoon at the Toronto Crematorium and Necropolis. He, however, relatives from Calgary are able to attend, the funeral will take place on Saturday afternoon, instead.

## PRESENTS CASE FOR PRISONERS

C. L. McAlpine, K.C., Retires From Appeal in Favor of Robert D. Harvey

C. L. McAlpine, K.C., occupied all yesterday in the Court of Appeal, in his presentation of the appeal on behalf of George Brown and Eddie Humphrey, who were sentenced to seven years each by Mr. Justice D. A. McDonald at the assizes held at Williams Lake after a verdict of guilty of criminal assault upon Dora Bob had been reached by the jury.

Concluding shortly after the hour for adjournment, Mr. McAlpine asked of the court, leave to retire from the hearing as he had to return to Vancouver. He requested that Robert D. Harvey might be allowed to take his place in the case and in any reply to the Crown's case that might be presented. This was granted by the court.

M. B. Jackson, K.C., asked for an early adjournment in order to be prepared to present his argument in the morning.

Mr. McAlpine took the position in his argument yesterday that the trial judge, in the language he used in addressing the jury, had nullified the warning given that the evidence of the woman in the case was that of an accomplice and that it was dangerous to convict on such evidence alone, without corroboration. The effect of the remarks of the trial judge, he said, was to give the jury the idea that her evidence should be regarded as that of an ordinary witness in the case.

Other parts of the charge were also objected to by Mr. McAlpine. The peremptory list for today is as follows: Rex vs. Brown and Humphrey, at bar. Rex vs. Jung Quon Chong.

## Beware Kidney Germs If Tired Nervous, Aching

Are you Run Down, Nervous, suffer Aching or Swelling Joints? Do you Get Up Night or suffer from Burning Passages, Frequent Headaches, Low Backache, Disturbed Sleep, Loss of Appetite and Energy? If so, the true cause often may be germs developed in the body during colds or by bad teeth or tonsils that need removing. These germs may attack the delicate membranes of your Kidneys or Bladder and often cause much trouble. Ordinary medicine can't help much because they don't fight the germs. The doctor's formula Cystex, now stocked by all druggists, starts fighting Kidney germs in 3 hours, and must prove entirely satisfactory in one week and be exactly the medicine you need or money back. Ask your druggist for Cystex (Sis-tex) today. The money-back agreement protects you. (Adv.)

## ROVER SCOUT CONVENTION TO BE HELD

More Than 125 Members Will Attend Gathering Here October 9

HON. E. W. HAMBER WILL BE SPEAKER

A Rover Scout convention, the first ever held in this city, will convene here from Saturday, October 9, to Monday, October 11, when more than 125 Rovers will attend the gathering, including representatives from Vancouver, Seattle, Bremerton and Bellingham, Wash.

Hon. E. W. Hamber, Lieutenant-Governor of British Columbia, will be the guest speaker at the opening of the convention, which will be in the form of a banquet to be held on Saturday, October 9, in Spencer's dining-room at 6:30 p.m. Also addressing the gathering will be Stewart P. Walsh, chief Scout executive for Seattle area. Local Scout presidents will be in attendance.

Later in the evening a carnival dance will be held in the Crystal Garden, commencing at 9 o'clock.

## SIGHTSEEING TOUR

The following morning, sessions will start at the Crystal Garden, when many important matters dealing with Rover Scout movements will be discussed. Sightseeing tours will be taken of in the afternoon. The convention will conclude on Monday afternoon with expeditions around the city.

The purpose of the gathering is to further the international spirit of Rover Scouting.

Freeman King, Rover commissioner of Victoria district council, will preside at the convention.

Any person interested in Scout movement who will be able to cater for the visiting Rovers is asked to telephone C. Kirchin, secretary of Victoria district council, at G 6994 or G 6468.

## Hudson's Bay Co. Dress Windows For President

A striking display, honoring the visit of President Franklin Delano Roosevelt, has been arranged in one of the Douglas Street shop windows of the Hudson's Bay Company.

The exterior of the building has also been adequately decorated.

In the window is a large picture of the President between Canadian and American flags, while beneath the picture is a message: "Good neighbors. A hearty welcome to the President of the United States and his party. May their visit to our capital be a pleasant one."

The simplicity of the window is completed by a single column and a large basket of blooms.

## Obituary

WONG JONG—The death occurred suddenly at the family residence, 936 Queens Avenue, on September 28, of Wong Jong, aged seventy years, a native of Canton, China, and a well-known and respected Chinese resident of Victoria for over fifty-five years. He is survived by his widow, and one son, Joseph Wong, at the family residence, and five grandchildren. Wong Jong was chef on the C.P.R. boats for many years, and served as chef at the Dominion Hotel for several years; his last service was as chef at the Union Club. He was one of the oldest members of the Chinese United Church. The funeral will be held on Wednesday afternoon, October 6, at 2:15, from the Thomson Funeral Home, proceeding to the Chinese United Church, Flaxton Street, where service will be conducted by Rev. Chow Ling at 2:30. Interment will be in Royal Oak Burial Park.

LAWRIE—The death occurred suddenly on September 28, at the family residence, Giles Road, Saanich, of Mrs. Emma Harriet Lawrie, aged seventy-four years, a native of London, England, and a resident of Saanich for twenty-five years. She leaves in sorrow her husband, Edwin Thomas Lawrie, at the family residence, and one son, William Thomas Lawrie, Victoria, and three daughters, Mrs. G. E. Warner, Victoria; Mrs. H. Hasenfratz, Saanich, and Mrs. Alexander Sutherland, Saanich, and seven grandchildren. The remains are resting at the Thomson Funeral Home, from where the funeral will take place on Friday afternoon at 2:30. Rev. Robert Connell will conduct the service.

SEYMOUR—Funeral services for Edward John Seymour will be conducted this afternoon at 2 p.m. in St. John's Church. Rev. Canon Chadwick will officiate and interment will be made in Royal Oak Burial Park—Sands Mortuary, Ltd., is handling the arrangements.

SEDLEY—The funeral of Leo Frank Sedley took place yesterday afternoon. Rev. G. R. V. Bolster conducting the service in the presence of a large gathering of sympathizing friends. The flower racks and casket were covered with a wealth of floral tributes showing the great esteem in which Mr. Sedley was held by all. The hymn sung by the congregation was "Peace, Perfect Peace." A solo, "No Night There," was sung by Mrs. F.

## PRESIDENT ROOSEVELT'S VISIT

Mr. F. D. Roosevelt, President of the United States, will be a visitor in Victoria today, the first executive of the country to the south to make an appearance in this city. He is no stranger to Canada, however, having spent vacations in New Brunswick, and last year having paid a visit to His Excellency the Governor-General at Quebec. In this country there is the feeling that he is known intimately because of the manner in which he figures in the news and so often through radio broadcasts of his speeches. He bulks, too, more largely than any preceding President of the United States in the eyes of Canadians who have followed with a great deal of interest the experimental legislation involved in the New Deal policies, policies which necessarily have a bearing on economic life in this country.

In the New World, where he is so well known and so widely admired, Mr. Roosevelt has won countless friends and supporters and has attained a popularity greater, perhaps, than any of his predecessors at the White House. In the rest of the world, where he is not so well known, there is widespread recognition of the fact that as President he has cemented the outlook of his people on both internal and international affairs as perhaps never before. That means that he has a world-wide reputation as a strong executive, who is firmly seated in power by the will of the people.

Mr. Roosevelt has, unlike some of his predecessors, a strongly marked personality and is possessed, as well, of great charm of character. He has brought consistency of purpose to bear on his policies and has been both dynamic and persuasive in his advocacy of these. He is a clear enunciator over the radio, and his ordered thoughts and appealing logic have won him an especially wide audience. His regime has been mainly concerned with internal policies designed to restore a measure of prosperity to the United States. That he has been successful in doing this is evidenced by the sustained esteem he enjoys. The opinion in this country is that if he seeks a third term of office he can have it by the asking.

One holding the office of President of the neighboring republic would upon all occasions be heartily welcome as a visitor to this side of the line. The welcome will be intensified in the case of Mr. Roosevelt, for he has won a higher regard as a friend of Canada than any of those who preceded him in office. He has a bonhomie and comradeship that are concomitants of his personal charm, and the fact that he has proved an administrator who has held the faith and fired the enthusiasm of his fellow countrymen for so long has increased his prestige as a world figure. Victoria bids him a warm greeting, coupled with a tribute of admiration for what he has been successful in accomplishing. The hope is expressed that his visit will prove enjoyable and that it will be repeated in the years to come, whether in a public or a private capacity.

## HUMAN ELEMENT AT FAULT

A correspondent in The Ottawa Journal asks a most pertinent question. It is: "Why is it that legislators do not rise to the fact that the handling of a motor car weighing several thousand pounds, and capable of developing speeds up to 100 miles per hour, is a job that requires great skill and sound judgment and that such skill cannot be acquired by a few lessons from someone who may not even be a good driver himself, and that to be a good driver it is not sufficient to be able to manipulate the gears and brakes?" There, in a nutshell, can be discerned the reason of so many motoring accidents. Incapable drivers are given licenses. It is possible to obtain them after a few hours' driving on a quiet street and without any knowledge of traffic conditions or of the hazards of the narrow country highways.

There is an anomaly in the official outlook on man's connection with engine power. The law requires a stiff test before a licence is granted to operate a simple stationary engine of less horsepower than a motor car. There is no test of any actual value before a licence is issued to drive a motor car, a potential weapon of death. Europe has everything to teach the New World in this respect. There, in most countries, anyone applying for a driving licence must have a certificate from a person licensed by the Government to teach drivers. There is the penalty of suspension of the teacher's licence if one of the pupils vouches for is summonsed and convicted for violation of the traffic laws. There is, it would seem, greater regard for life and property in Europe than on this continent. All that is being accomplished on this side of the Atlantic through better roads, the regulation of speed limits and other safety precautions are only partially valuable unless the human element is taken into account. It is that element that, in the last analysis, is responsible for all accidents. There are far too many drivers of motor cars who should never be entrusted at the wheel.

## MR. HEPBURN'S RECAPITULATION

During the last general election campaign in Ontario Mr. Hepburn had a great deal to say about the expense of the Lieutenant-Governor's office in that Province. He left the impression that his party would find ways and means to eliminate the cost of that high post, that such frills would be removed from Ontario's system of government. It might have been good election bait; certainly his attacks were colorful if not in particularly good taste, but through it all there was a certain undertone of insincerity which failed to make the speeches fully convincing.

The one-sided battle started on the hustings continued for a time after Mr. Hepburn's Gov-

ernment assumed office. During that period the Lieutenant-Governor was frequently placed in an embarrassing position through the sniping of the Provincial Premier. The usual courtesies were overlooked, but these incivilities failed to ruffle the calm of Chorley Park and gradually the situation became normal again. Inconsistently Mr. Hepburn accepted an invitation to be the guest of the Governor of Bermuda during a holiday trip to that island of the Atlantic. Press accounts indicated that he thoroughly enjoyed himself there. Possibly he obtained a new understanding of the duties and value of such high offices; certainly his subsequent actions indicated considerable modification in his attitude. The incumbency of Dr. Herbert Bruce is due to end officially on October 25. Mr. Hepburn has been Premier for three years, and Dr. Bruce still lives at Chorley Park. During his term of office Dr. Bruce has built up a wide circle of friends and admirers for the way in which he has graced the high office. Few of the King's representatives in Ontario have been more popular among all ranks of society. Whatever damage was caused by the attacks of Mr. Hepburn has been repaired and the prestige of the post has been increased rather than weakened. Between the Lieutenant-Governor and the Government, mutual admiration and friendliness seem to have replaced mistrust and apprehension. If Mr. Hepburn has anything to say during the present election campaign about Ontario's Government House, it is to be hoped it will be a candid confession that there was another and more pleasant side to the issue which he raised with such vehemence three years ago.

## SELF-HYPNOTISM

Apparently the cure for insomnia is simple. Dr. William Brown, Wilde Reader of Mental Philosophy at Oxford, has been telling the British Association that almost anyone, with care, deliberation and concentration, can hypnotize himself. All that has to be done is to concentrate the mind on a point on the far distant horizon. Then the muscles must be relaxed completely and you say to yourself, "I am getting drowsy." When in this state, suggestions are made to yourself of increased powers—such as that you will have a good night's rest, or that you are going to make a speech without stammering. This is the cure for some of the ills from which individuals suffer. It is all a matter of hypnosis suggestibility and progressive relaxation. It would seem, however, that the application is not within the power of all, because it requires mental concentration, which is notably absent sometimes.

Ontario has been carrying out an experiment in "safety" on the roads by increasing the speed limit from thirty to fifty miles an hour. In June there were 75 deaths on the highways, or 134 per cent more than in the same month last year. There is no road speed put into effect anywhere that can be enforced. Even when Ontario was limited to thirty miles an hour, the usual speed was fifty miles or upwards. Unquestionably, high speed is responsible for most motoring accidents. Where the speed limit is increased, as in the case of Ontario, fatalities go on mounting.

## DISCOURAGEMENT

Do not be discouraged at your faults; bear with yourself in correcting them, as you would with your neighbor. Lay aside this order of mind, which exhorts you to body and leads you to commit errors. Accustom yourself gradually to carry prayer into all your daily occupations. Speak, move, work in peace, as if you were in prayer, as indeed you ought to be. Do everything without excitement, by the spirit of grace. As soon as you perceive your natural impetuosity gliding in, retire quietly within, where is the Kingdom of God. Listen to the leadings of grace, then say and do nothing but what the Holy Spirit shall put in your heart. You will find that you will become more tranquil, that your words will be fewer and more effectual, and that, with less effort, you will accomplish more good.—Penelon.

## Note and Comment

By Sandham Graves

In a world delivering diplomatic notes at the point of the bayonet, John Bull and Uncle Sam are saying it with flowers. Without political significance, without ulterior motive, with nothing more important than a neighborly peek over the fence, as it were, Uncle Sam will take a look at the roses in the garden of Miss Canuck today, by invitation. The roses will be there, miles of them in full bloom.

Miss Canuck, as hostess for John Bull, will call in the children to curtsy before Uncle Sam, and may be strew a rose or two in his path. Miss Canuck will show Uncle Sam around the garden a bit, set him down without fuss to a snack of lunch, discuss the roses, the weather and game fishing in Pacific waters, and, finally attend her guest to the garden gate, with sincere injunctions to drop in again right soon.

As simple as that; but where else in the world could it happen?

To begin with, Uncle Sam is no stranger. When folks live side by side as long as these two have, with not even a picket fence between their gardens, they are apt to be good neighbors and good friends.

Did a little water drain off one property and go on to the other a while ago? It is no matter; that has been corrected amicably. Did a little smoke cross the border from gardening operations? It is of no account; the gardeners can attend to that. Are there differences in policies and politics? Pooh, who cares about that; cannot a neighbor think as he or she sees fit?

For these two understand each other, and there is no need of interpreters in the garden, while the roses are being examined and admired.

Miss Canuck will receive Uncle Sam with the courtesy that is his due. She will send a young man in a sailor suit out along the path a bit, to open the garden gate for him. Others at the gate will step aside out of the path, and touch their hats to the visitor.

Guns there will be, but they will be pointed in blank, and fired in a welcome akin to that which would be given to the John Bull himself, were he calling today. Miss Canuck will receive her guest in a house dress, without formality. Maybe she swept up the path a bit, but it needed it anyway.

As simple as that; and yet where else could it happen today?

Neighboring understanding. Would that there were more of it in a world where stone walls, barbed wire fences, and pacing guards keep neighbors distant and apart. No need then for fortresses and fear, for suspicion and distrust, for aggression and retaliation, for black looks and blacker deeds, and for their generative cause, misunderstanding.

Well, leave that to Time, the sovereign cure for all our fancied wrongs and evils. Today two great commonwealths are saying it with flowers, across a border that for 3,500 miles on end knows not a single rusty nail or picket; a border tended by goodwill and trust, respect and toleration, and growing flowers kept young and fresh by mutual understanding.

Look well at the flowers that grow in peace and understanding.

Around Parliament Square there is an eighth of a mile of roses, in reds and yellows, creams, and buffs and crimson. Over the way, the creepers are climbing the Empress Hotel, like long green torches, fired at their tips by Autumn. Underfoot the grass is freshly cut and green on miles of boulevards and terraces. Each plot a garden, and these are but the flowers that grow in soil. There is not a shell crater anywhere.

What of the flowers that grow in the heart? Are they not present also? See the Stars and Stripes and the Union Jack waving side by side across the transoms. Watch crowded, upturned faces at the curb. Hear children give their welcome, as they scatter flowers before them. Oh, yes, the hearts have flowers as well, though not always are they worn upon the sleeve.

Today John Bull and Uncle Sam are saying it with flowers. Miss Canuck is the hostess. Her guest is Uncle Sam. Welcome, a hundred thousand welcomes, Uncle Sam!

## Saanich Growers Arranging Picnic

The fruit growers of the joint associations of Saanich will hold a basket picnic at the Agricultural Hall, Saanich, Saturday, to meet the leaders of Mainland organizations. The growers will meet at the Agricultural Hall at 11:15 o'clock and luncheon will be served at 12:30. After the luncheon a visit will be made to the Experimental Farm at Sidney.

## The Observation Car

By THE EDITORIAL STAFF

The Weather  
To paraphrase Mr. Lincoln: "Some of the people like the weather some of the time, a lot of the people like it a lot of the time, but not all the people like it all the time."

Now with another great city this afternoon, a lot of people are praying for fine weather. On the other hand, the recent rain has been welcome to a number of anxious parents, who are anxious about the spread westward of the disease which has made so many children ill. Rain reduces the incidence of this sickness, it is said. So, although there is really no cause for anxiety in Victoria, let us hope for the sake of each and every one of us, that there will be sunny skies when the president comes amongst us, and that when he has gone, we may have a good old Vancouver rain, which for once, will be most welcome here.—B.G.

## Noisy Trains

An interesting experiment, with the object of promoting smoother and quieter running trains has been carried out by the Southern Railway in the one and one-quarter mile-long Mertham Tunnel, according to a recent communication. Experimenters found that the rail joint is the weakest part of the track—owing to the hammering it receives from the wheels of trains that pass over it—and consequently lessening the number of joints, by increasing the length of the rails, lessened the noise. Quite simple, but it had never been thought of before.—W.F.P.

## Glancing Over Sport

Do you know that Victoria will be given a franchise in the Inter-City Football League this season? A Vancouver newspaperman here for the British Columbia open golf meet last week at Oak Bay links gave me the inside on the football situation for this year. He says that Victoria, Nanaimo and three teams from Vancouver will be in the circuit. The local eleven will play six games, three at home and the rest away. That hole-in-one made by Hon. John Hart at Oak Bay last Sunday was his third. He made one at the twelfth hole at Jerico Beach Club on the Mainland, and his second came at the fourth at Colwood. Years ago he made another one unofficially at the old seventh hole at Oak Bay. Bill Rogin, latest addition to the Dominions' cage squad, tells a good one about the first senior game at Windsor last year between the Fords and the Y.M.C.A. Believe it or not, but only one person paid admission. Officials scouted the faithful fan, thanked him for his patronage, and then gave him back his fifteen cents. Thanks for the information, Bill, that's one for Bob Ripley. One lady entering the Willows Race Track last Monday tried to get by by producing her street car pass. It didn't work and the gate man told her that they were running horses inside the enclosure and not street cars.—J.D.

## Wash Day at Bastille

Wash days at the city bastille are well worth observing. If they are all like the occasion we witnessed on Monday, Constable No. 10 carefully glanced his rubber elbows in a gigantic pair of number eights, jammed down his coal scuttle and dragged out a length of hose. Without further ado he commenced to squirt Sooks juice over a prowler car with one hand and wipe it off with a sponge held in the other paw. Beside the vehicle was a small rowboat equipped with oars and rowlocks. We could not elicit from Constable No. 10 whether the boat was to catch the surplus water off the car, or to escape in it if his vigorous washing flooded the bastille alley. On Johnson Street we saw a large alarm clock firmly fastened to the handlebars. Perhaps the timepiece was to keep him awake in slow moving city traffic. Then on Cook Street we saw two bicycles connected with a towrope. A girl riding on the rear machine was being towed by a young man in front. We wondered what would happen if an automobile driver failed to see the rope and attempted to pass between the two machines.—G.B.

## FIFTY YEARS AGO TODAY

(From The Daily Colonist of September 30, 1887)

Harvest Festival—The Harvest Festival was held last night at Christ Church Cathedral, and a large congregation was present in spite of the rainy evening. The procession from the north door opened the evening service at 7:45 o'clock. Evening prayers were read by Rev. A. Beaudin; the first lesson by Rev. Mr. Taylor, of Cedar Hill, and the second by Rev. Archibald Scriven. The anthem was then sung, and afterwards the Harvest hymn, which was joined in by the congregation. Rev. W. B. Bolton, of Esquimaux, preached the sermon, which was beautiful in its diction and earnest in its thought.

Feast of the Moon—Today is one of the minor feast days of the Chinese. It being the day set apart in their peculiar religion to worship the moon. The Chinese on this day partake largely of cakes made in a circular form to represent the moon. Today will be held as a holiday, with worshipping in the joss house and general merry-making by our Chinese residents.

Extension of Island Railway—The last rock of the E. & N. Railway extension was blasted away yesterday morning, and a general clean-up made. The road is now working from both sides, and track laying is proceeding rapidly. The trestle work will be completed this week.

## Letters to the Editor

No letter to the editor will be inserted except over the proper signature and address of the writer. This rule admits of no exception. No letter should exceed 300 words in length.

## VICTORIA'S CALM

Sir,—The Vancouver Province evinces a peevish pleasure in a vain attempt to argue the calm and placid temperament of Victoria people, and it cannot understand that the joy of really enjoying life is not achieved by indulging in the stupid hurly-burly peculiar to Vancouver residents in a misguided attempt to imitate its neighbors to the South. In a last edition of The Province to hand there is a badly-drawn cartoon headed "High Hattings Us," in which an over-dressed male is so inflated to think that President F. D. Roosevelt is to visit Victoria rather than Vancouver, that he is unable to assume an upright walking posture. I do not fancy we shall or, indeed, need to lose our mental balance by reason of so illustrious a visitor being in our midst for two and a half hours or two and a half weeks. As a matter of fact, so sure are we of our climate, scenic and architectural attractions that underneath our jubilation we feel it is visitors who are honored when they come to Victoria.

ALFRED BLAND,  
Blanshard Street, Victoria, B.C.,  
September 28, 1937.

## COMMUNISM

Sir,—One of the more insidious things about Communism is the deceptive manner in which it is foisted or forced on the general public.

A number of years ago there was formed the "International League Against War and Fascism," and branches were immediately set up wherever a Communist party existed, the league in Canada being called the Canadian League Against War and Fascism. However, the League Against War and Fascism was exposed for exactly what it was and consequently it did not meet with the success that the trick title might have drawn under different leadership.

Now these same Communists have come forward again, having discarded the name League Against War and Fascism for the equally insidious name (as far as they are concerned) the League for Peace and Democracy.

In conclusion, then, it should be obvious to anyone acquainted with the true identity of the former League Against War and Fascism that the present so-called League for Peace and Democracy is not for peace, nor is it for democracy, but, on the contrary, is a league for Communism, the antithesis of both the former deals.

## BRAIN OF A FISH

Sir,—This morning at 6 by the clock, and the first grisly grey light of a Victoria equinoctial dawn, while poking tapers at the old stove, I made a discovery. The infernal thing refused to burn, and the kettle went on a sit-down strike, and would not chant for my "enchanted water"—otherwise tea and toast.

I had been reading a news story about Professor Grey, from "the pearl-grey towers of Oxford." After years of research into the craniums of us "poor Yories," and certain other really living creatures (ask the Anti-Vivisection Society about it), he at last got most ineluctable proof that in the analysis of the grey matter of the human brain, as compared with that in the cerebral cavity of a minnow, a cod, or a pin-fish, there is essentially no difference whatever. "Eureka!" said I to me. "Now we have it." For several years we have been trying to force reluctant minds into agreement when our local Social Credit experts assure us that the difference between the gross income from all industries and the net pay received by all workers in those industries is an asset that rightfully belongs to those actually doing the work alone, and should be paid out to them; instead of being absorbed as interest and dividends by the capitalists who advanced the money to start and keep those concerns on a profit-paying basis. They said that the wheels of industry are clogged and slowed by adhesions of a species of blood-sucking jellyfish known as capitalists; that the gears must be cleared by the abolition of all banking companies, and all credit-granting capitalists, insurance and trust companies that support the bankers; that the business of the province must henceforth be carried on without any currency, coins, or credit, their place being taken by Government-issued credit certificates, just like those now held by curio-hunters as souvenirs of the Aliberton credit-issue fiasco. And further, they fearlessly boasted, if those radical changes in our financial system are disallowed, or held at law to be "ultra vires" because banking and currency are reserved under the B.N.A. Act for Federal control, our British Columbia Premier will snap his fingers, saying: "A fig for your 'disallowance' pooh, pooh to your 'ultra vires'! We shall do just as we see fit in British Columbia when we get the chance—just as the Premier of Alberta is doing today."

And see what a saving in machinery of administration: the machine will run itself; roguesy by officials or employees will be no more; while, besides all that difference between gross income and net payroll, a monthly dividend based on the accrued value of any increased production will be paid—to the workers, not to the blood-suckers. Capitalists and loan companies may shut their doors when we make our own "credit money" on pretty pieces of pale pink paper. There will be no further issue of "debt money." Bankers can fry in their own fat. They are all "big bad wolves." Why should you fellows worry about them so long as you can draw a nice fat dividend

cheque, and all without a stroke of extra work.  
Prof. Grey is probably right in saying that our brain is of the same material as that of a gudgeon. No one can contradict that; though they might add that we have something immaterial, of a metaphysical kind that the little fishes lack—even if we cannot put it on the map on the field of any microscope.

But when Prof. Albert tries to teach me that two plus two, plus the "natural increase," equals five, he is just playing with words. While he probably knows more of the binomial theorem than I, and so can raise any given quantity to the nth power with given quantity to the nth power with given fingers to count on, and as regards natural increase I know that I cannot raise corn or potatoes to any power by any such juggling, nor in any new-fangled way, but only by the power of brains and hard labor in the field. Prof. Straight, of the Experimental Farm, will confirm this without passing the problem through the mill of the higher mathematics. Neither by simple arithmetic, nor by any compounding of algebra, trigonometry and log tables can that false answer pass into our Social Credit storehouse any goods whatever. Just because it is a lie—for all which there is provided an incinerator, whose name, as every Modernist knows, is "Utopia," the land of "Nowhere." Some metaphysicians with sensitive souls call it "Remorse"—that is to say, a gnawing sensation, as of corrosive sublimity, not in the grey matter of his brain, but in the conscious soul of a man.

F. W. L. MOORE,  
Lieut.-Col. (R.L.),  
3249 Quadra Street, Victoria, B.C.,  
September 25, 1937.

## SOCIAL CREDIT

Sir,—Mr. Day, in his zeal for the welfare of the people of Alberta, demands that the Alberta Government start a savings bank so that the people can put their money in it. So, again I wish to assure Mr. Day that there is no necessity for this; that, under Social Credit, the Government would have nothing to do with the savings of the people unless the people themselves insisted that the Government open a savings bank for their convenience. So far as I can see, the people of Alberta, and all Canada for that matter, are quite satisfied with the regular commercial banks as repositories of their savings. These banks are staffed with men who are trained in the job of looking after people's money for them, and I see no reason at all why Mr. Day should demand that the banks be deprived of this business, which they conduct in skillful and orderly fashion.

Probably Mr. Day, however, still thinks that Social Credit means that the Government goes into the banking business of safeguarding and lending money. If this is the case, he is in error. Under Social Credit the community, through its Government, would simply take over the function of creating and issuing money; the banks would, of course, no longer have their present power of creating all money as a debt to themselves, and we would have money just sufficient to keep pace with our increase in production so that the people as a whole could buy all the goods they produce, but this money would be debt-free. Just a system to replace the present debt-to-the-banks money, by issuing debt-free money; not as Mr. Day seems to imagine, a scheme to bankrupt bankers.

Thus, in Alberta, if the Government is not frustrated by those influences now busily engaged in trying to frustrate the will of the people of that province, the Government would set up a credit-issuing authority, in the nature of a central bank, which, of course, needs no deposits of the public's cash. A central bank just creates and issues money; it doesn't handle savings.

And Mr. Day shouldn't be too naive about the so-called "People's League" in Alberta, which was started by various parties and being financed whence no man knows. It is best that the people of Alberta as the lamentable "Liberty League" does to the people of the United States. J. CHALMERS,  
3641 Saanich Road, Victoria, B.C.,

## RELIGION IN PUBLIC SCHOOLS

Sir,—While agreeing in the main with Mr. Eric A. Beavon's letter in The Colonist of September 28, in which he says "religious education in the public schools is not the solution of the problem," I would remind him that there are presently in existence, and

## Council Shows Progress In Christian Education

At the annual meeting of the C.G.I.T. Leaders' Council held on Tuesday evening at First United Church, Mrs. R. N. E. Harris was elected, the new president. Mrs. Harris, who has been a leader and Sunday school worker at the Metropolitan United Church, is also the presbytery secretary of the W.M.E. and her appointment to this honored position was enthusiastically received by leaders of all denominations.

Miss Lillian Parfitt, who has been the capable president for the last three years, was warmly praised for her work during her term of office and was accorded the appreciation and thanks of the leaders as she leaves the office as president. Miss Parfitt was made the honorary president of the council, and Miss Minnie Beveridge, who has been the efficient sponsor of the Girls' Council for the last three years, was re-elected to that position for another year, with Miss Rhoda Craig as assistant.

### OTHER OFFICERS

Other officers chosen were: Miss Frances White, vice-president and Presbyterian representative; Miss Dolina McKinnon, secretary-treasurer; Mrs. W. P. Freeman, Baptist representative; Mrs. Harris, United Church representative; members at large, Mrs. E. R. Bewell, Mrs. A. O. Todd and Miss Gladys Beall; honorary member of the council, Mrs. A. J. Daniels; chairman of camp committee, Miss Charlotte Crawford; newspaper reporter, Miss Jean Wilson.

The annual reports which were read showed progress in the work of Christian education. The secretary's report showed that fifteen churches were linked up with the council and mentioned, in particular, the Bible study course and leadership training which had been given during the year. Mrs. E. R. Bewell gave a report of the C.G.I.T. camp at Glens Lake held this summer, under the directorship of Miss Ruth McLennan, B.A., of Vancouver.

The Girls' Council report, presented by Miss Minnie Beveridge, showed that much had been done during the year to uphold the standard of C.G.I.T. and that fifteen churches, representing the United Church, Presbyterian Church,

Baptist Church and Free Church of England, were linked up with the Girls' Council.

### GUEST SPEAKER

Mrs. F. W. McKinnon, of Douglas Street Baptist Church, was the guest speaker, taking as her subject, "Looking Outward." In this inspirational address, she challenged the leaders to go forward with a new determination and enthusiasm in their group work and to reach out to the untouched girl in the community.

After the introduction of the new officers, the meeting was closed with prayer, led by Mrs. W. P. Freeman.

## Indoor Fete Attended by Large Crowd

St. Louis College was en fete yesterday afternoon when an indoor party was held, the proceeds of which will go towards the renovation fund of the college. The affair was opened by Hon. John Hart, Minister of Finance, who spoke of his pleasure in being asked to officiate and wished those in charge every success.

Brother Walsh, principal of the college, in a brief address, welcomed the large crowd of visitors, and outlined the work of the school, mentioning specially the new activities such as the introduction of Rugby football and gymnastics. It was hoped, he said, to build a handball court during the next year. He added a few words regarding the scholastic achievements of the pupils, fifty-one out of fifty-five boys having been successful in passing the junior matriculation examinations and thirteen out of nineteen boys had passed the entrance examinations.

### CLASSROOMS INSPECTED

There were games of various sorts for the amusement of the guests, this feature of the programme being in charge of the members of the Catholic Youth Movement. Ice cream and soft drinks were sold by the boys and a number of contests provided entertainment.

Supper was served by members of the Catholic Women's League, the party continuing until late in the evening, when the prizes for the contests were awarded. Throughout the afternoon and evening, the classrooms were open for inspection and the new bedrooms for the Christian Brothers, the chapel and the new kitchen were visited, the improvements to the college being much admired by all who attended the party.

## Weddings

### SARGENT-FISHER

A marriage of interest in Victoria and the Mainland was that solemnized at 5 o'clock on Monday afternoon, in the chancel of Canadian Memorial Chapel, Vancouver, between Mary Jean, elder daughter of Mr. and Mrs. S. W. Fisher, Ladner, and Mr. Hartley Sargent, only son of Mr. and Mrs. W. J. Sargent, Victoria.

The service was conducted by Rev. W. Vance, Ladner, assisted by Rev. G. H. Villet, of the chapel, in a lovely setting of Autumn-tinted maple boughs and yellow and bronze chrysanthemums. Prior to the ceremony, Miss Jean Sargent, Prince George, sang "Thanks Be to God" (Stanley Dickson).

Given in marriage by her father, the bride looked striking in a Russian style suit of bronze-green diagonal wool trimmed with grey Bombay lamb, and matching accessories, and she wore a corsage spray of orange Token roses and lily-of-the-valley. Miss Kathleen Fisher attended her sister, in a frock of rust satin-back crepe trimmed with brown, and she wore a corsage bouquet of bronze-yellow roses and brown accessories. Mr. Neil Munro, Salmu, B.C., was best man, and the ushers were Mr. Alex Fisher, cousin of the bride, and Mr. Patrick Fowler, Nelson.

The bride and groom left immediately after the service by train for Cambridge, Mass., where they will attend the Massachusetts Institute of Technology, both being graduates of the Universities of British Columbia and of Toronto and members of the U.B.C. Musical Society. After obtaining her Ph.D. degree at Toronto, Miss Fisher was instructor of mathematics at Mount Royal College, Calgary. Mr. Sargent is the resident mining engineer at Nelson.

### HATCH-TURNER

The marriage of Mrs. Agnes Turner and Mr. Addison Ralph Hatch took place at 8:30 o'clock yesterday morning in Central Baptist Church.

## Ganges Chapter Hears Address By Mrs. F. Stead

Ganges Chapter, I.O.D.E. held its monthly meeting on Monday afternoon at Harbor House, Ganges, the president, Mrs. Desmond Crofton, in the chair. In the absence of the treasurer, Mrs. Frank Crofton, the secretary read the financial report, which showed more than \$50 in hand.

The correspondence was read and discussion took place on the following subjects: The fashion show, which Mrs. B. Wolfe Merton hopes to arrange in the Fall or Winter, and the collection of vegetables and fruit to be sent to distressed farmers in the Prairies. In addition, the sum of \$10 in cash was sent towards the relief fund. Arrangements were made to sponsor the Salt Spring Company of Girl Guides, which will start again this week, the members promising their support in all future activities of the organization.

The case of a local crippled child was again brought by a member before the chapter and discretionary powers were given to the regent to assist in the matter in whatever way was necessary. Mrs. Frank Penrose was made a member of the chapter.

### ADDRESS BY PRESIDENT

Following the business meeting, Mrs. F. Stead, Provincial president, was welcomed by Mrs. Crofton in the name of the chapter. After Mrs. Stead first told the members how proud the Provincial Chapter was of Miss Betty Haley, of Salt Spring Island, who had won the

I.O.D.E. overseas scholarship and was now entering her second year at Cambridge. The Provincial Chapter, having sponsored her going to the university and naturally interested in their protégé, asked for her standing at Cambridge and was proud to learn that she stood at the head of 500 students.

### HIGH STANDING

Mrs. Stead stated that the name of the Ganges Chapter stood high among primary chapters for its activities and the money raised by the members annually. The speaker gave a resume of the annual meeting of the National Chapter, which she had attended as a delegate from the Provincial Chapter, the only official representative from British Columbia.

At the close of the address, Mrs. Stead received a hearty vote of thanks and was presented with a lovely bouquet by Mrs. D. Simson. After the singing of the National Anthem, tea was served by the members of the chapter.

## WOMEN'S INSTITUTES

### SOUTH SALTSRING

To help towards the purchase of furniture for the new hall being erected at Fulford Harbor to replace the one destroyed by fire last year, the South Saltspring Institute organized an enjoyable five hundred drive at the home of Mr. and Mrs. J. J. Shaw, kindly lent by them for the purpose. The rooms were decorated with gladioli, sweet peas and other Autumn flowers. Thirteen tables took part in play, the master of ceremonies being Mr. J. Cairns. The first prizes were won by Mrs. Andrew Stevens and Mr. I. Enwright. The consolations went to Mrs. J. Cairns and Mr. W. Y. Stewart. Mr. J. Cudmore substantially helped the hostesses with providing refreshments for the entertainment. Another five hundred drive to help in the same cause will be held on Friday, October 8, at the home of Mr. and Mrs. Shaw, Fulford Harbor.

## Successful Silver Tea Held in Lovely Setting

Sum of \$70 Realized From Party Given by  
Women's Auxiliary to Y.M.C.A.—Solos  
By Miss Honor Benson Enjoyed

Through the kindness of Mrs. F. M. McGregor, her attractive house on Granite Street was yesterday the scene of the annual autumn silver tea of the Women's Auxiliary to the Y.M.C.A., as a result of which the gratifying sum of \$70 was collected.

A large crowd of guests, welcomed by the president, Mrs. S. J. Willis, and Mrs. McGregor, thoroughly enjoyed the afternoon's proceedings, one of the specially delightful attractions being the singing of Miss Honor Benson, who chose as her solos, "A Brown Bird Singing," "The Little Damsel" and "Four Ducks in a Pond," the last named being so popular that she repeated it in response to enthusiastic applause.

The piano accompaniments were most artistically played by Miss Gloria Wilson. On behalf of the guests, Mrs. Willis thanked the young artists for their contribution and also thanked Mrs. Duncan MacBride for arranging the musical programme.

### BEAUTIFUL FLOWERS

Particularly lovely were the decorations throughout the house. In the hall was a large bowl of feathery goldenrod and bright red dahlias, and here Mrs. James Adam and Mrs. M. Raynor had charge of the silver collection. In the drawing-room the flowers had been arranged to blend with the general color scheme of the furnishings, mauve and pink larkspur, Michaelmas daisies, stocks and asters predominating, while in the library were bright-hued zinnias, orange, yellow and peach-colored Iceland poppies and beautiful bowls of dahlias in the same shades. The decorations were the handiwork of Mrs. R. W. Mayhew and Mrs. Edwin Tomlin and were admired by all the guests.

### TEA TABLE

The tea table had been decorated by Mrs. McGregor and was spread with an exquisite Venetian lace and outwork cloth, and centred by a charming arrangement of choice garden roses, set on a mirror base, with crystal candlesticks holding lighted ivory tapers. Maidenhair fern was arranged with the roses.

The dining-room, where tea was served, was illuminated by candlelight, giving a particularly attractive appearance to the setting. Tea and coffee were poured by Mrs. Duncan MacBride, Mrs. A. J. Watson, Mrs. Carl Pendray and Mrs. Peter Bell. The tea arrangements were under the convener'ship of Mrs. J. V. Johnson, assisted by Mrs. R. W. McKenzie, Mrs. S. Winterbottom and Miss Doreen McGregor. Assisting in ushering the guests from the drawing-room to tea were Mrs. C. S. Henley, Mrs. Donald MacAdie and Mrs. C. E. Watkins.

Corsage bouquets were presented to the hostess, the president of the auxiliary, the artists and also to those who presided at the tea tables.

## Alumnae Will Hear Account Of Convention

The first meeting of the season of St. Ann's Alumnae Association will be held at the academy on Tuesday evening at 8 o'clock. All members are asked to be present. There will also be enrollment of new members and all former pupils of the academy are cordially invited to attend.

The meeting will hear the presentation of the report of Miss Nellie Redgrave, English vice-president of the Canadian Federation of Convent Alumnae, who has just returned from attending the biennial convention of the Federation in Toronto.

### LIBRARY FUND STARTED

The headmaster, Mr. Norman West, and assistant teacher, Miss Edith Mohrman, helped by the senior room pupils of the Ganges public school, organized a progressive whist party and dance recently at the Mahon Hall, Ganges, for the purpose of raising funds towards obtaining a school library. Twenty-one tables took part in play, Mr. Norman West acting as master of ceremonies for the evening. The first prizes were won by Mrs. W. James and Mr. J. B. Foubister; second by Mrs. Stanley Wag and Mr. W. Jansen. The music for the dance which followed was supplied by a local orchestra. The sum cleared was over \$20.

## Social and Personal

### Party for Bride-to-Be

Mrs. R. Brydon and Mrs. Walter Mobery were hostesses yesterday afternoon at a delightful tea and shower given at the latter's home on Alpha Terrace, to honor Miss Viola Exton, whose marriage to Mr. James Dunnigan will take place next month. Masses of asters in pastel shades were prettily arranged in the living-room. During the afternoon little Miss Ruth Hemsworth presented the bride-elect with a colonial bouquet of mauve and pink asters.

Miss Exton then received a large basket, gaily decorated with gold and blue crepe paper, which contained the many lovely gifts. The hostesses, assisted by Mrs. K. Simpson, Mrs. T. Youell and Mrs. K. Hemsworth, served tea from a prettily appointed table whose floral centerpiece, in a silver bowl, carried out the color scheme of blue and gold. Those present were Mrs. L. Exton, Mrs. W. Palfrey, Mrs. W. Pomeroy, Mrs. E. Woods, Mrs. T. Exton, Mrs. R. Stanhope, Mrs. K. Hemsworth, Mrs. J. Hulford, Mrs. T. Youell, Mrs. W. Chisholm, Mrs. H. Bickson, Mrs. D. Vallance, Mrs. K. Simpson, and Misses Lillian Exton, Sheila O'Connell, Jean Dunnett, Margaret O'Neill, Isobel Dickson, Dorothy Stanhope, Mildred Oliver and Dorothy Prendergast.

### Feted at Shower

Miss Kathleen Hawkes, a bride-to-be, was feted on Tuesday evening when Mrs. R. Hawkes, Mrs. J. C. Hawkes and Miss Molly Hawkes arranged a surprise miscellaneous shower at her home on Moss Street. Helenium and montebrasias were beautifully arranged in the reception rooms. The many pretty gifts were concealed under the bouffant skirts of an old-fashioned lady whose frock was made of crepe paper in tones of yellow. Mrs. T. Luscombe, Miss Muriel Hawkes and Miss May Brogan were the winners of competitions played during the evening. Later a buffet supper was served from a table centred with a silver bowl containing yellow daisies and lighted by tall yellow tapers in matching holders. The guests were Mrs. P. A. Hawkes, Mrs. R. Smith, Mrs. T. Luscombe, Mrs. T. Bailey, Mrs. C. Churchill, Mrs. T. Bagley, Mrs. W. J. Laver, Mrs. D. Lewis, Mrs. H.

### Kitchen Shower Held

In honor of Miss Bessie Borrowman, an October bride-to-be, Miss M. Thompson entertained with a kitchen shower at her home on Monday evening. The gifts were presented in a prettily-decorated basket. Games were played, the winners being Misses Phyllis Winterbottom, Helen Stewart, Marie Stubbs and Doris Rawlins. A buffet supper was served. The guests were Mrs. S. Borrowman, Mrs. F. Thompson, Mrs. H. Bourne, Mrs. Katie Gosse, Mrs. Robert Miller, Misses Edith Parsell, Evelyn Hammond, May Simpson, Margaret Rogers, Betty Schwarz, Iris Sheret, Christine Wilson, Helen Stewart, Frances Paterson, Cathie Carey, Dorothea Daniels, Winnie Robb, Marie Stubbs, Jessie MacQueen, Doris Rawlins, Phyllis Winterbottom, Laura Catterall and Alice Findler.

### Tea for Bride-to-Be

Mrs. Alan Chambers and her sister, Mrs. J. A. Prendergast, were joint hostesses at a bridge tea on Tuesday afternoon at Mrs. Chambers' home at Ten Mile Point, in honor of Miss Kathleen Wilson, who is to be married next month to Mr. W. B. Lambert. Mrs. J. D. Munro presided at the tea table, which was arranged with autumn flowers, and assisting in serving were Misses Gloria Wilson, Ruth Hamersley and Pamela Beard. The guests included Mrs. J. D. Munro, Mrs. W. F. Munro, Mrs. Norman Cook, Mrs. Arthur Nash, Mrs. John Rockingham, Mrs. Harold Wilson, Mrs. Nelson Lay, Mrs. W. Stanbury, Mrs. Royden Morris, Mrs. F. N. Cabellu, and Misses Roseanne Bullen, Eleanor Heisterman, Margery Benson, Daphne Pooley, Gloria Wilson, Ruth Hamersley and Pamela Beard.

### Birthday Party

Mrs. C. Jaffray entertained at her home, Rockland Avenue, on Monday afternoon, for Mrs. E. N. Penman, the occasion being her birthday. The prettily-decorated tea table was centred with pink cosmos and held a birthday cake of pink and white for the guest of honor. From those present Mrs. Penman received a corsage bouquet and a personal gift. Assisting at the table were Mrs. G. Randall. The invited guests included Mesdames R. N. Penman, E. Melas, M. Anderson, R. Shields, R. Dunn, A. Jaffray, G. Randall, T. McDonald, W. H. Rivers,

## SAILED FOR SOUTH SEAS

Niagara Away Last Evening With Passengers, Mails And Cargo

With a large list of travelers aboard, the Canadian-Australasian S.S. Niagara, Captain A. T. Toten, commander, sailed from Rithet Pier at 6 o'clock last night, bound for Sydney by way of Honolulu, Suva and Auckland. The liner arrived alongside the local dock shortly after 4 p.m. from Vancouver and embarked a number of passengers for various Pacific ports. She also took mails and cargo aboard.

Among the travelers boarding the liner here were Mrs. M. E. Pike and Percy A. Cockeram, of Victoria, going to Auckland; Mr. and Mrs. A. R. Shirkell, Tasmania; Mr. and Mrs. Percy Gill and Miss M. E. Gill, Christchurch; Frank L. Rigney, Tasmania; Mr. and Mrs. W. K. Bakewell, Adelaide; and Miss Doris M. Beckett, Wellington.

Prominent passengers included H. H. Newell, O.B.E., commissioner for

main roads, New South Wales; J. H. Fleming, assistant secretary, department of main roads, New South Wales; Benjamin Rogers, Dayton, representative of National Cash Register Company; W. Scott Stevenson, representative of Booth & Co.; T. H. Thatcher, official of the Chapman Chemical Company, New York; Sir James Steel-Maitland and Miss Gay Maitland, the former being a steel manufacturer of New Zealand; Lieut.-Col. J. S. R. De Castilla, South Africa; and Sir Charles Blackburn, O.B.E.

Miss Ursula Malkin, Vancouver pianist, accompanied by her father, J. P. D. Malkin, was a passenger going to New Zealand and Australia on the Niagara. They will be away for six months, during which time Miss Malkin will appear in concert performances and radio broadcasts.

## NOT BOTHERING

In the opinion of W. H. Lawson, manager of the Bank of New South Wales at Salomana, in the Mandated Territory of New Guinea, the people there are not worrying about any German agitation for the restoration of lost colonies. Mr. Lawson doesn't think the Reich will want any part of the Oceania area at any rate, as it never proved profitable, and is an expense to the Australian Commonwealth. He left for home on the Niagara last evening.

Mr. Lawson is located in the

Morobe district, where the Bulolo and New Guinea gold fields are winning riches from placer fields. This gold area has been made industrially valuable by the airplane, the New Guinea Airways and the Mandated Airlines providing a complete service. Out of the commercial needs of the gold fields, the business of the banks is quite extensive, Mr. Lawson stated.

## DUE IN EARLY TODAY

With some 450 passengers in all classes aboard, the American Mail Line S.S. President Grant, Captain H. B. Clark, U.S.N.R., commander, is due alongside Rithet Pier at 7 o'clock this morning, inbound from the Philippines by way of China and Japan ports. It is expected the liner will be here four or five hours, as she is bringing in some 1,100 tons of general cargo for discharge at this port.

Among the travelers aboard the Grant are some 100 students from various points in China, who will attend United States universities.

## FOR SOUTH SEAS

Six new charters for early October loading were announced a few days ago by British Columbia shipping agencies. Five of the ships are scheduled to load full with logs and lumber for Australia, while one is slated to load full for South Sea Islands. The ships chartered are: Norwegian Ms. Pleasantville, British Ms. King Arthur, British Ms. King Edward, British Ms. Sonora, and South Sea and British S.S. Victoria City.

Another ship loading at the present time in British Columbia for Australian ports is the Swedish freighter, Ms. Eknaren. Her total outward cargo will consist of 1,500 tons of canned goods and box shooks and approximately 1,000,000 feet of manufactured lumber.

## Finds Betterment In Conditions in Interior of B.C.

C. F. Dawson, district resident architect of the Department of Public Works of Canada, returned early this week after making a two thousand mile inspection trip by motor through the Province by way of the Cariboo, Okanagan and East Kootenays, and finds business generally is in a much more flourishing condition than a year ago.

The building trade in exceptionally busy in the Okanagan towns. The roads generally have been widened and improved during the year, but there are still hundreds of miles extremely rough and dusty.

Upon his return to the office, he was pleased to find a letter from the department with a message from His Majesty, King George VI, and a Coronation Medal.

## START EARLY NEXT SPRING

Trans-Canada Air Lines to Begin Test Flights Over Western Section Soon

WINNIPEG, Sept. 29 (C)—Test flights over the Western section of the Trans-Canada Airlines should be under way within about three weeks, Philip Johnson, vice-president in charge of operations of the airline, said here today.

Airline officials expect to adhere to original plans, first beginning operations from Winnipeg westward, with Eastern lines opening later, Johnson indicated. He said he believed regular operations on the Western section would begin next Spring.

## CANADIAN CITIZENS

Personnel employed by the airlines will be Canadian citizens, Johnson stated. Operations out of Winnipeg would begin with a personnel of about twenty pilots, all experienced men, and about the same number on the ground crew. Radius of traffic out of the Manitoba capital will extend west to Lethbridge and east to Kapuskasing, Ont., about 750 miles each way.

## EMERGENCY FIELDS

By the time operations start on the Western sections, lighted emergency fields will have been built along the route. There will be two emergency fields between Winnipeg and Regina.

Radio beam ranges for directing pilots in flight will be placed at Winnipeg, Regina and Lethbridge, Johnson said.

Auxiliary landing fields will be established about every 100 miles between principal stopping points. Fields already selected are Broadview, Swift Current and Medicine Hat, and Cranbrook and Oliver, in the Rocky Mountains. An additional field will be manned at Calgary.

## Vancouver Shipping

VANCOUVER, Sept. 29 (C)—The Norwegian motorship Soloy was in Burrard Drydock today for cleaning and painting.

Also in the dock was the Dutch motorship Toesari for voyage repairs.

Danist East Africa Ms. Canada is reported due here tomorrow from Europe.

Ms. Balboa, of Sweden, arrived tonight from Europe, carrying passengers and general cargo.

## PREDICTS BIG DEVELOPMENT

Mines Minister Crerar Sees Big Future for Northern Mining

OTTAWA, Sept. 28 (C.P.)—Prediction that the next ten years would bring a great mining development in the Northwest Territories came today from Minister of Mines Crerar on his return from a long inspection trip that took him over a considerable part of the country covered earlier this summer by Lord Tweedsmuir on his northwestern tour.

An aerial journey from Winnipeg through the Central Manitoba mining areas, into Northern Saskatchewan, Alberta and the Northwest Territories as far as the Arctic Circle on Great Bear Lake convinced the minister a prosperous future lies ahead of the nation's newer mining fields and suggested to him that a more thoughtful type of citizen may arise there.

IMPRESSIVE DEVELOPMENT  
Mr. Crerar was most impressed

by developments at Goldfields, Sask., on the northeastern shores of Lake Athabasca, a territory into which 20,000 tons of freight will be moved by boat before freeze-up, double last year's tonnage.

"The Goldfields development," the minister said, "is probably the largest at present. It is difficult to say how large it will be because we can't determine the full extent of the ore bodies, but enough is known to assure us it will be a big one."

With intensive prospecting over a wide area and almost continuous discovery of new ore bodies, more freight is moving down the Athabasca River from the Northwest, head of steel on the Northern Alberta Railway, Mr. Crerar said, and it is likely that the growth of the traffic will be continuous.

"Speakin' o' fertile soil," said Sirian, when the others had their say. "I never saw a place where melons grew like they used to up my way. The first season I planted them I thought my fortune was sure made. However, I didn't harvest one."

"Why was that?" asked the stranger.  
"Well, the vines grew so fast that they wore out the melons draggin' 'em around."

## Jane Dixon Says:

WHEN WE HAVE AN AMBITION TO DO A WORK THE WORLD NEEDS, IT IS OUR PRIVILEGE AND OUR RIGHT TO MAKE EVERY EFFORT TO REALIZE THAT AMBITION

When we have a healthy ambition to do a work the world needs, it is not only our privilege, but our right, to make every effort toward achievement of that ambition.

"Dear Miss Dixon: I'm a high school graduate, now in my early twenties.  
"Since graduation I have been living at home, helping mother with the housework."

"I love my home and my parents, but, Miss Dixon, I've had ambition—to be a graduate nurse. I want to be able to travel and have a good time on my own money."

"I have no serious interest in boys. I'd rather be able to make my own way in life and get all the clean enjoyment I can out of it. The time has come when I feel I should make a start toward my goal. "Father thinks I am not strong enough to do the work I have chosen. It's true I was not so strong as a child, but for several years I've been in excellent health. My parents have to see me lose my entrance fee for a nursing course if I can't carry on, and think that I'd be better off doing housework. I feel if nursing is too hard for me there will be plenty of time for me to do the other."

"If I don't make an attempt to realize my ambition I will have wasted my time and my parents' money, for which they worked so hard, finishing high school. Not only that, but I'd always feel as if life had cheated me of my chance to do my best."

"My father works hard, but does not make enough money to save for the day when he can no longer do the heavy labor. When that time comes I want to be able to help him and mother as they have helped me."

"I have saved enough money of my own to pay my entrance fee into a nurses' training school. Should I use it for this purpose, regardless of what my parents say? I may not be able to do the work, but I feel I must try. What is your advice?—Ambitious Daughter."

Answer: Perhaps your parents are better informed about the state of your health than you. However, no first grade nurses' training school would admit you as a student without giving you a physical examination. If you passed such an examination you would be eligible for nursing.

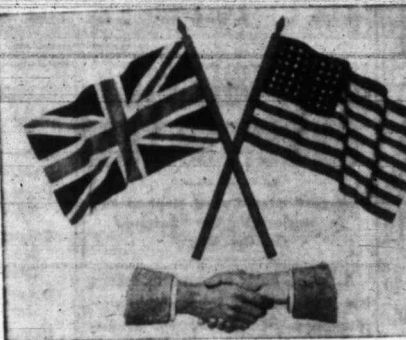

If you are entering this noble field for the purpose of traveling and having a good time you had better give the idea up at once. Travel will be incidental and good times limited. No duty is more demanding than that of nursing. It is a service of sacrifice if it is real service.

A good nurse is more concerned with what she can give to her patients than what she can get from them. In other words, your ambition does not seem to be one of consecrating yourself to a service, but of using that service for your own ends. You'll need the flaming torch of an ideal to carry you through the week times.

Try to make your parents understand that you must at least attempt to do the work for which you feel you were destined before you can be happy or healthy in any other work. Try to make them realize it would be better far for you to leave the entrance fee than to go through life feeling you had been cheated out of your rightful part in it.

I hesitate to advise you to go against your parents' wishes, but if, after physical examination, you are adjudged capable of entering the training, I can, in fairness to you and to your parents do nothing else. I wish you luck.

## STARTING ADULT TRAINING CENTRE

Duncan Consolidated School Board Gives Approval for Establishment of Recreational Classes

DUNCAN, Sept. 29.—At a special meeting of the Duncan Consolidated School Board held last night, the trustees gave their approval and support to the formation of an adult physical and recreational centre here under the sponsorship of the Department of Education. The classes will open immediately under the supervision of Napoleon Bouchard, who is at present in charge of ladies classes in Chemainus, Ladysmith and Nanaimo. He will give one day a week to Duncan. His assistant, Mr. Edward Tait, a recent graduate in this class of work, will have charge for a second day each week. Both male and female classes will be enrolled. The school board has granted the use of the gymnasium, and it is expected the city will also extend some aid in opening the classes.

The board granted the application of a teacher in the Junior High School staff for an immediate release, which has been granted from September 30, and a teacher to take charge of the class in civics will be advertised for.

### THE STUNT MERCHANT

Mick and a Yankee sailor were always trying to beat each other at tricks of skill and strength. The Yankee climbed up to the top of the mainmast and stood there on his hands. Coming down, he dared Mick to emulate his performance. Mick climbed up the mast, lost his hold, fell about thirty feet, caught in the rigging, turned and fell the rest of the way, landing in a tank of water quite unhurt. He got out of the tank, shook himself, and with a superior grin at the Yankee, asked him: "Well, smartly, can you do that?"

## What Today Means

"LIBRA"

If September 30 is your birthday, the best hours for you on this date are from 11:30 a.m. to 1:30 p.m., from 2:30 to 4:30 p.m. and from 8:30 to 10:30 p.m. The danger periods are from 9:30 to 11:30 a.m.,

from 4:30 to 6:30 p.m. and from 10:30 p.m. until midnight.

Be open-minded to suggestions this day, for you may receive one of great value. It might pay you to indulge in a little retrospection because the remembrance of a past mistake may save you from making a similar one. Simplicity is likely to have a great deal of appeal to the average person this day. Naturalness, combined with neatness and straight-forwardness, will win many

hearts, whereas affectedness or other forms of self-complacency are likely to create a bad impression. Let whatever you do this day bear the stamp of sincerity if you desire your efforts to help others to be appreciated. It might be well to question the motive back of any usual action or radical idea that requires your co-operation this day. Married and engaged couples, and those who are in love, need only to apply common sense to any personal problems this

day to find a happy solution and a clearing away of nervous apprehensions.

If a woman and September 30 is your birthday, fragments of your imagination may frequently cause you to misinterpret the remarks of your relatives and friends. You may be inclined to change your mind too easily. Beware of flattery, for many women born on this date are very susceptible to its specious arguments. You are probably pleasure-

loving, but prudent, especially when it comes to spending money. You ought to have many delightful experiences, many of them being made possible through your coming into the possession perhaps of a very large income. As a milliner, specialty shop or restaurant manager, broker, publicity agent, artist, author, teacher or professional entertainer you may discover how to become wealthy. Your married life ought to be a huge success.

The child born on September 30, during his school days is apt to form friendships that will last a lifetime. Enthusiastic, active and light-hearted, success is likely to be at the end of the trail this youngster will travel.

If a man and September 30 is your natal day, you are perhaps very studious. You should have the knack of accumulating wealth. Through contracting, politics, law, art, writing, theatrical activities,

theology, selling or medicine, prosperity and fame may make you a very happy man.

## Rival New York Teams Balanced For Big Series

Associated Press Sports Editor Figures That Giants And Yankees Evenly Matched For Forthcoming World Series—Ott Strengthens Infield at Third Base—Situation Sized Up

(Note—This is the second of a series analyzing the Giants and Yankees, and their World Series chances.)

By ALAN GOULD

Associated Press Sports Editor. NEW YORK, Sept. 29.—Except for two well-established and useful fixtures, Joe Moore, of the Giants, in left field, and Joe DiMaggio, of the Yankees, in centre, the rival New York baseball forces feature reversible outfield combinations.

Strategy, of both offensive and defensive variety, is behind most of the picket-line shifts made by Bill Terry, master mind of the Giants. Terry likes to play "hunches" and has done so, with marked effect, in defiance of generally-accepted or orthodox baseball maxims.

Thus the shift of the National League's best all-round right fielder, Mel Ott, to third base, has been justified by results. Actually it strengthened the outfield, as well as the infield, because it gave Terry the chance to make the most effective use of his remaining outfield talent.

The move helped red-headed Jim Rippel to emerge as a top-notch replacement for Ott, if not actually the sparkling of the whole team.

**STRONG RIGHT-HANDERS**

Terry, against Southpaw Vernon

Gomes, can pair two right-handed sluggers, Wally Berger and Hank Loeber, with Moore in the outfield. For the time being, however, it is reasonable to assume Rippel as the starting job in right, against all kinds of pitching. He is leading the club in batting.

Lieber is better defensively in centre than Berger, never a great thrower and handicapped further this year by a damaged digit. When both showed signs of wear, Terry put the fleet Lou Chiozza in centre, with effective results.

Necessity, rather than invention, has been the mother of Yankee outfield shifts this year. DiMaggio has needed no replacement, but Jake Powell, the 1936 series hitting hero, lost his appendix as well as the left field job, and George Selkirk, out much of the season with an injured shoulder, has only lately returned to right field duty.

Powell, suffering now from sinus, may be out of the series entirely. Myril Hoag, long-time understudy, is slated for the starting assignment, with DiMaggio and Selkirk rounding out the picket combination.

Rookie Tom Henrich, who bats from the post side, is an available replacement.

## COLUMBUS IS WINNER OVER NEWARK NINE

American Association Noses Out Bears in Little World Series, 5-4

NEWARK, N.J., Sept. 29 (AP).—Young Joe Beggs, right-handed hurling ace who won twenty-one games and lost but four in the International Baseball League season, met his match—and more—today as Columbus Red Birds, heavy-hitting champions of the American Association, defeated Newark's Bears, 5-4, in the opening game of the nineteenth Little World Series.

Counted on as the best bet for the favored Bears, Beggs was bombed from the mound in the seventh inning after giving nine hits. Four Columbus runners crossed the plate in the fatal inning to give the Red Birds, top farm team of the St. Louis Cardinal system, a lead which Joe Gordon's home run for Newark in the ninth could not overcome.

John Chambers, starting Columbus pitcher, also was unable to finish his job, being replaced by Nelson Potter in the fifth after giving up six hits and three runs. Potter limited the Bears to one single besides Gordon's homer and was credited with the victory.

The second game will be played here tomorrow night and the third Friday night, the teams then moving to Columbus, O., to finish the best-of-seven series for the minor league championship.

Atley Donald, who won nineteen games and lost two during the season, was slated to pitch for the New York Yankee farmhands tomorrow and Max Macon, who had a record of twenty-one and twelve was expected to work for Columbus.

Columbus (A.A.) R. H. E. 000 010 400-5 9 3

Newark (I.L.) 001 020 001-4 8 3

Batteries: Chambers, Potter and Crouch; Beggs, Niggeling and Hersberger.

## DISPUTE OVER FINAL SERIES FOR MANN CUP

British Columbia Association Says "No Series" Unless Change Made

VANCOUVER, Sept. 29 (AP).—The British Columbia Amateur Lacrosse Association today declared there would be no Mann Cup final on the Pacific Coast this year unless the Canadian Amateur Lacrosse Association agrees to a change of venue in the best-of-five series.

Mike Kelly, of Toronto, C.A.L.A. president, recently announced the final scheduled for British Columbia called for three games in Vancouver and two in New Westminster.

In a resolution sent to the C.A.L.A. executive, the Coast association asked the first, third, fourth and fifth games be scheduled for New Westminster and the second for Vancouver.

A compromise proposal suggested the first game in the Royal City with the remaining games alternating between the two cities.

The resolution called for the C.A.L.A. to institute a telegraph vote among the full Dominion executive to decide the question.

Failure to meet the resolution's demand, the B.C.A.L.A. warned, would mean a Coast boycott of the Dominion final.

All clubs under its jurisdiction, the Coast association said, had pledged themselves to back the B.C.A.L.A. stand.

New Westminster Salmonbellies, Intercity League winners, and Trail meet at Trail, B.C., tomorrow night in the first of a two-game total point series to decide the British Columbia representatives in the Mann Cup final.

TORONTO, Sept. 29 (AP).—Mike Kelly, president of the Canadian Amateur Lacrosse Association, tonight declined to comment on the British Columbia Amateur Lacrosse Association's decision to boycott the Dominion final at the Coast unless the parent body agreed to a change of venue in the best-of-five series.

Mr. Kelly said he received a telegram from British Columbia, but added he did not think the present was the proper time to make any statement.

## JAMES BAY WILL BATTLE SAILORS

Boxing Squads Will Meet Tomorrow Evening at Royal Canadian Naval Barracks

Boxing aggregations representing the Navy and James Bay will clash tomorrow evening at the Royal Canadian Naval Barracks, in another of the popular series of exhibition games being arranged by P.O. Arnot, R.C.N. The tussle will commence at 8 o'clock. Two officials will be in charge.

The teams: Navy: Mundie, Cockrill, Geddes, W. DeCosta, Lawrence, McNeeny, Seibam, Butler, Dobson, Cook, Brown, Arnot and Howes.

James Bay: Mann, McKenzie, S. Clark, H. Allen, Naysmith, Winterburn, Pridham, Southern, Mason, P. Clark, Macdonald, Cullin, Dakers and Carney. Players are asked to meet at the City Hall at 7:15 o'clock.

## NEW YORK WITHIN SINGLE TUSSLE OF NATIONAL PENNANT

Bill Terry's Nine Moves Closer to Flag by Breaking Even With Lowly Phillies—Cubs Blank Cincinnati Behind Tex Carleton's Fine Pitching—Pirates Beat Cardinals

PHILADELPHIA, Sept. 29 (AP).—The Giants delayed their pennant-clinching festivities for at least a day today by getting only an even break in a double-header with the Phillies.

They won the opener, 6-3, with "Lefty" Cliff Melton winning his twentieth game of the year, and then, needing only one more victory to sew up the National League flag, dropped a 6-5 decision to southpaw Wayne Lamaster in the nightcap.

They might have taken the second game eventually if darkness hadn't cut it short at the seven-and-a-half-inning mark, just as the Giants beat Lamaster to the showers under a five-run barrage. Held to four hits through the first seven frames, they teed off in the first half of the eighth with a six-hit explosion, featuring Jim Rippel's homer with two aboard and "Blondy" Ryan's two-run pinch double. Just as they wound up their fireworks the game was halted.

As a result of their split, coupled with the victory of the second-place Cubs over Cincinnati, the Giants were left with a three-and-a-half-game lead in the National League race, and in need of just one more victory, or one Cub defeat, to retain the championship.

The opener victory was their ninety-second of the season, and the nightcap defeat their fifty-fifth setback. The Cubs' record stands at ninety victories and sixty defeats. The Giants have five games to play, the Cubs four. Even if the Giants lost all their remaining contests, the only way the Cubs could take the title from them would be to win every one of their four games.

First Game—R. H. E. New York... 102 000 300-6 12 0 Philadelphia... 010 020 000-3 9 2

Batteries—Melton and Mancuso; Mulgahy, Jorgens and A. Wood.

Second Game—R. H. E. New York... 000 000 05-5 12 1 Philadelphia... 400 020 00-6 12 2

Batteries—Gumbert, Brennan, Baker and Mancuso; Lamaster, Passeau and Grace.

**Cubs Blank Reds**

CINCINNATI, Sept. 29 (AP).—The fast-stepping Chicago Cubs made it three straight over the Cincinnati Reds today, cashing in on six hits allowed by Gene Schott to win 3-0.

The Cubs scored once in the second frame—the first earned run off A. Schott in twenty-seven innings—and put together a single and successive triples by Cavarretta and Galan to add two more in the ninth.

The Reds' ninth straight setback, witnessed by only 685 paid customers, provided a rare pitching duel, with the veteran Tex Carleton holding a slight edge.

Schott issued two bases on balls, but fanned none, as against his opponent's record of seven scattered hits, a single walk and two strikeouts.

Only two of Carleton's offerings were good for extra bases. R. H. E. Chicago... 010 000 002-3 6 1 Cincinnati... 000 000 000-0 7 0

Batteries—Carleton and Hartnett; Schott and Lombardi; D. Moore.

**Pirates Beat Cards**

PITTSBURGH, Sept. 29 (AP).—The Pittsburgh Pirates overcame a two-run deficit in a wild seventh inning today to beat the St. Louis Cardinals, 7-5, after both starting pitchers had been shelled out. R. H. E. St. Louis... 310 000 010-5 11 1 Pittsburgh... 001 100 50x-7 7 1

Batteries—Warner, Ryba and Ogorodowski; Blanton, Weaver, Brown and Todd.

**AMERICAN LEAGUE**

NEW YORK, Sept. 29 (AP).—The Yankees won their hundredth game of the season in the opener of a double-header with the Athletics today, but then were humiliated in the nightcap as young Ed Smith blanked them with one hit.

Kemp Wicker, steadying after a shaky start, allowed nine hits as the Yankees walloped three A's pitchers for sixteen safeties and a 15-4 victory in the opener. Smith pitched hitless ball through the first five frames of the nightcap and finished on top with a 3-to-0 decision when the game was called at the end of the seventh because of darkness.

First game—R. H. E. Philadelphia... 200 000 000-4 9 0 New York... 410 110 44x-15 16 0

Batteries—Caster, Turbeville, Williams and Brucker, Conroy; Wicker and Glenn.

Second game—R. H. E. Philadelphia... 200 010 0-3 8 1 New York... 000 000 0-0 1 2

(Game called, darkness.) Batteries—Smith and Hayes; Andrews and Glenn.

**Indians Come Through**

CHICAGO, Sept. 29 (AP).—Cleveland Indians scored their second ten-inning victory in two days over the Chicago White Sox, 6-4, today, in the first game of a double-header, but the Sox squeezed out an even break by winning the nightcap, which was called because of dark-

ness after four and one-half innings, 1-0.

First game—R. H. E. Cleveland... 003 001 000 1-5 10 0 Chicago... 120 100 000-4 6 3

(Ten innings.) Batteries—Whitehill, Harder and Pytlak; Dietrich, C. Brown and Sewell.

Second game—R. H. E. Cleveland... 000 00-0 3 1 Chicago... 010 00-1 5 0

(Game called, darkness.) Batteries—Wyatt and Pytlak; Cox and Renss.

**Red Sox Gain**

WASHINGTON, Sept. 29 (AP).—The Red Sox picked up half a game on the Indians in their fight for fourth place in the American League today by taking both ends of a double-header from the Senators, 3-1 and 7-4.

First game—R. H. E. Boston... 001 000 101-3 8 0 Washington... 000 000 001-1 12 0

Batteries—Grove and Desautels; Deshong and R. Ferrell.

Second game—R. H. E. Boston... 410 000 101-7 11 0 Washington... 010 210 000-4 5 5

Batteries—Henry, Marcum and Peacock; Appleton, Anderson and Millies.

**Browns Beat Tigers**

ST. LOUIS, Sept. 29 (AP).—The St. Louis Browns handed Detroit its first three runs on a platter today, but scored four in the sixth on Joe Vosmik's double and Harland Clift's twenty-ninth homer to win the game, 7-6.

R. H. E. Detroit... 203 000 010-6 8 1 St. Louis... 201 004 00x-7 11 3

Batteries—McLaughlin, Coffman and York; Mills and Harshay.

**COAST LEAGUE**

SAN DIEGO, Sept. 29 (AP).—San Diego's Padres continued their sensational winning streak in the Pacific Coast League championship play-off, whipping Portland, 3-1, here today to score their second straight victory in the best of seven series. Padres won the opener last night, 2-1.

Given another masterful pitching performance by Dick Ward, veteran right-hander, the Padres took command with a two-run blast in the third inning, and the Beavers were unable to catch up. Ward limited the Northwesters to four blows, one a homer by Moose Clabaugh, right fielder. It marked the sixth consecutive contest in which the Padres' starting hurler has finished.

Third baseman Ernie Holman started the Padres' spree in the third with a double. Ward brought him home with a single, went to second when outfielder Rupert Thompson was hit by a pitched ball and scored on the first of three straight singles by Ted Williams, freshman fly chaser.

The Padres got to "Sailor Bill" Posedel, one of Portland's best hurlers, for their third run in the fifth after two were out. Centre-fielder Hal Patchett singled, stole second, went to third on Catcher Bill Cronin's wild throw and counted on Williams' single to centre.

Ward, who struck out five, was in trouble in the eighth inning, when the Beavers loaded the bases, but Holman made a snappy play on second baseman Pete Coscarart's grounder for the third out.

The Padres and Beavers will clash here tomorrow night and then move to Portland.

Manuel Salvo, big speedballer, is Manager Frank Shellenback's choice in seeking the third straight win over Portland. Bill Davidson, right-hander, drew Sweeney's assignment.

R. H. E. Portland... 010 000 000-1 4 2 San Diego... 002 010 00x-3 8 0

Batteries: Posedel, Carson and Cronin; Ward and Detore.

The college "don" lectured on the distribution of world population. He mentioned that only in the West Indies were males in excess of females.

"A happy state of affairs," he said playfully. "Not unlike that state which existed in this community of ours before lady undergraduates were admitted."

At this point several women students present, affecting to be offended, rose to leave the class.

"One moment, please," said the lecturer. "There is no occasion to go yet; the next boat for the West Indies doesn't leave for another week."

## Greyhound Sets Up New Trotting Record for Mile

LEXINGTON, Ky., Sept. 29 (AP).—The fifteen-year-old mile world's record for trotters was broken today by Greyhound.

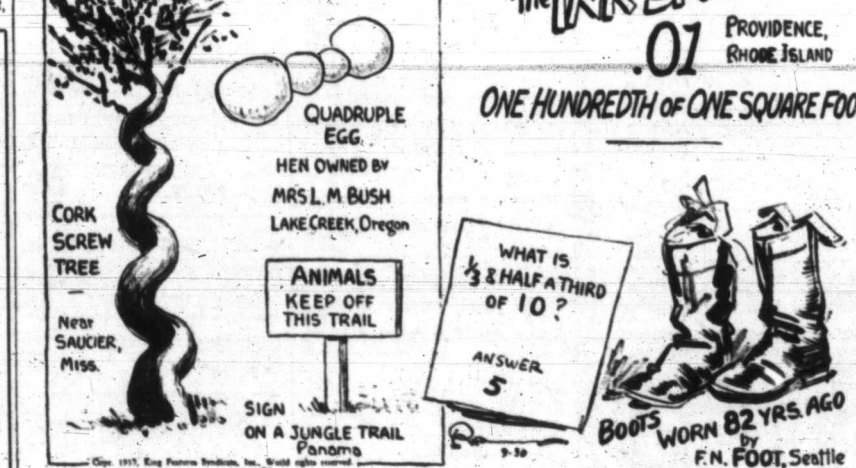

In an assault on the mark established by Peter Manning on the Lexington track in 1922, the five-year-old "grey ghost," under the piloting of his trainer, Sep Palin, stepped the distance in 1:56 flat, three-fourths of a second under the former time. The race was against time.

Another world's record fell today when Billy Direct, owned by P. J. Downey, of Worcester, Mass., won the third heat of the \$2,000 Tennessee Stakes in 1:58 flat, setting a new mark for three-year-old pacers. The time also tied the world's record for pacers in a race made in 1914 by Directum I.

Billy Direct, driven by Vic Fleming, crack reinsman from Dundas, Ont., who trains horses at Syracuse, won all three heats.

**EXPLANATION FOR YESTERDAY'S RIPLEY CARTOON**

Prodigal Bible—Terry Morgan, a customer of Montgomery-Ward in far-distant Sierra Leone, West Africa, ordered a large family Bible on February 24, 1915. It was duly dispatched, and with regular parcel post was put aboard the Ss. Palaba, bound for West Africa ports, securely stowed away in a heavy canvas bag. When the Palaba was torpedoed, the Bible was blown out of the mailbag and eventually drifted ashore on the coast of Scotland. The finder, noting the label, notified the senders of his find, and the Bible is now in Montgomery-Ward's collection of relics in Chicago. Another Bible was shipped immediately, but Mr. Morgan died in May, 1915, before it reached him.

One-Armed Speed Typist—Russet A. Moffit lost his right arm at Cambrai while serving in an artillery unit during the Great War. Being right-handed, the handcap was hard to overcome, but Moffit succeeded wonderfully. As secretary of the Amputations' Association of Canada and as editor of its magazine, he learned to type with his left hand. Competing with all-Canadian speed typists in 1937 typewriting contests in Toronto, Moffit's official score was 66.9 words per minute, including the penalties for errors, for the half-hour's writing. He used no artificial or mechanical aids of any kind.

## Mayor Andrew McGavin to Present Award to Todd Next Monday

MAYOR Andrew McGavin will make the presentation to Jimmy Todd, recent winner of the British Columbia open golf championship, at the big banquet to be held by the Tillikum Athletic Club at the Hudson's Bay Company, next Monday evening at 7:45. It was announced yesterday evening by Chairman Percy C. Payne, following a meeting of the committee at the Tillikum Club. Golf enthusiasts from the various local clubs have signified their intentions of attending this function. Presidents of the Victoria golf clubs have been invited to attend. Tickets for the affair may be secured at the Tillikum Club, Douglas Street. The committee in charge is as follows: Percy C. Payne (chairman), Fred Richardson, Bernard O'Neil, Dr. A. S. Webster, Johnny Gow, Bruce Oldershaw and Joe Delahunty.

## Spencers and Navy Register Victories in Hayward Cup Games

**Diamond "S" Boys Defeat Gorge Hotel, 3-1, While Sailors Blank Hudson's Bay, 2-0, in Wednesday Football League's Opening Matches**

Low scoring featured yesterday's opening matches in the Victoria and District Wednesday League. Spencers, present holders of the Hayward Cup, opened their trophy defence with a 3-1 victory over the Gorge Hotel in the second game of the double bill. Navy, with their strongest line-up in many seasons, blanked the Hudson's Bay, 2-0, in the curtain-raiser. Approximately 200 fans witnessed the matches.

Sailors owe their victory to the goal-getting ability of Eddie DeCosta, bustling centre forward, who registered their two tallies in the initial stanza. He scored the opener twenty-six minutes after the start and added his second and the final goal of the match seconds before the breather.

Navy had a wide margin in the territorial play in the first half and perhaps would have made their margin at the turnover much larger if their forwards had elected to shoot more often. However, they seemed intent on trying to literally walk the ball into the Bay goal and this practice was not particularly successful. Bays, always trying, gave Louis DeCosta, sailor net custodian, little or nothing to do in this session.

had close calls for the remainder of the half, but the score was still deadlocked at the interval.

About midway through the final half "Red" McMillan broke the tie when he got possession inside the penalty area and scored after Goalie Sadder had fumbled a previous shot. For the rest of the period the Gorge boys had much the better of it, but were unfortunate in their offensives.

### MISSUS PENALTY

During the last session, Spencers were given a penalty when White handled in the goalmouth after Sadder had run out of his net to block an offensive. Max Williams took the spot kick and drove the ball straight into the waiting arms of Sadder.

Percy Shrimpton refereed and the teams follow:  
Gorge Hotel—Sadder, Coates, White, Geoghegan, White, D. Gent, Holmes, Barnswell, Belford, K. Gent and Rookamp.

Spencers—Stewardson, Cann, Rael, L. Bradley, Lloyd, D. Bradley, Brown, McMillan, Williams, Collins and Ball.

## GERMAN GIVEN HARD BATTLE

**Baron Von Cramm Extended By Howard Blethen in Pacific Coast Tourney**

BERKELEY, Cal., Sept. 29 (P).—Germany's No. 1 of tennis, Baron Gottfried von Cramm, found the going difficult today as he defeated Howard Blethen, of San Francisco, in the Pacific Coast championships. The lanky German finally won out, 6-2, 7-9, 6-4, in a heated third round match.

In the same division, Donald Budge, of Oakland, world's singles champion, who may meet Von Cramm in the final Sunday, advanced through the third round with a 7-5, 6-2 triumph over Ben Nelden, of Oakland.

Bobby Riggs and Joe Hunt, of Los Angeles, were victims of the day's chief upset, losing in the second round of doubles play to Robert Harman, of Oakland, and Danny Roberts, Berkeley, 6-4, 6-4.

The scheduled mixed doubles match between Don Budge and Mrs. Helen Wills Moody against Helen Drendell and Ted Morris, both of San Francisco, was postponed when word was received that Mrs. Moody had been detained at Bakersfield. The match was scheduled for tomorrow.

Charles Hare and C. M. Jones, both of England, advanced with wins over Marcus Gordon, 6-2, 6-2 and Bernie Coughlan, Los Angeles, 10-8, 4-6, 6-3, respectively.

Sylvia Henrotin, France, won from Helen Drendell, San Francisco, 6-2, 6-1 in a third-round match of the women's singles, while Dorothy Andrus, Stamford, Conn., eliminated Gussie Claire, San Francisco, 7-5, 8-6 in a second rounder.

In a second round mixed doubles event, the English team of Margot Lumb and M. D. Delaford, defeated June Hansen, Oakland, and Roland Stringham, Berkeley, 6-2, 6-0.

TORONTO, Sept. 29 (P).—Erwin (Murf) Chamberlain, who played an important part in Sudbury Tigers' march to the Allan Cup last hockey season, signed a National League contract with Toronto Maple Leafs. Chamberlain is a left winger.

## Early Setbacks Turn Into Gains On Wall Street

NEW YORK, Sept. 29 (AP).—Ralls pulled the stock market out of a slump today and early setbacks of 1 to more than 4 points were converted into gains at the close.

While the carried group pushed up briskly for a while, on rumors an agreement in the wage controversy was near, its net recoveries were under those of other departments at the finish.

A break in metal prices, both here and abroad, apparently provided selling ammunition in the morning. Coppers and steels especially exhibited weakness. While these declined above their bottom marks of the day, they were unable to erase sizeable minus signs.

Offerings of 1,000 to 5,000 shares pushed the ticker tape at the start, but dealings were quiet throughout the remainder of the proceedings. Transfers totaled 1,380,880 shares, compared with 1,307,540 yesterday.

A wave of last-minute buying came to the support of a retreating bond market today and most of the list closed a little higher.

Federal loans ranged up to 8-32 of a point, while losses were held to 6-32 of a point. In contrast to an improved corporate list, foreign dollar bonds were pushed back along a wide front.

## BUYING RESTORES MONTREAL PRICES

MONTREAL, Sept. 29 (AP).—Renewed buying toward the close of today's stock market session brought prices within fractions of their previous close following sharp losses in early trading.

Smelters, at 63, and Nickel, at 51, posted losses of 1-1/2 points each. A similar decline turned up for Noranda at 50.

St. Lawrence Paper preferred dipped 2 points to 62, with Price Bros. and Dryden off 1-2 each. C. Howard Smith and St. Lawrence Corporation preferred gained that amount.

Brazilian and Montreal Power dipped fractions. Shawinigan gained 1-4, C.P.R. firmed 1-4.

Steel of Canada lost 2 points at 70 and Niagara Wire gained that much at 35. Gypsum picked up 1-2, with Dominion Steel & Coal off 3-8 at 16-1/2 and Dominion Bridge a point at 33 1/2.

Royal Bank touched a new low for the year at 176.

## METALS DEPRESS WHOLE MARKET

TORONTO, Sept. 29 (AP).—Base metal shares were dumped overboard today on the Toronto Exchange and other market divisions were carried down with them for most of the session. Late buying in golds and industrials enabled those sections to close near previous levels.

Nickel closed a 51, down 2 on the day, but up from its bottom price. Smelters dipped 1-3/4 to 62-3/4, and Noranda and Hudson Bay were down 1-1/2 and 3-4.

Canadian Pacific and Ford "A" gained slightly.

Imperial Oil moved up more than a point to 18 1/4.

Canadian Industrial Alcohol "A" and the Walker stocks picked up fractions, while the more active Distillers-Seagrams eased 1-4 to 18 1/4.

Dominion Steel "B" was active at lower prices, but rallied in the late session to close only 1-4 down at 16 1/2.

Dominion Bridge and Steel of Canada declined 1-1/2 each. Dominion Tar edged higher.

Consolidated Paper moved lower, but Abitibi, Hinde & Dauch and Great Lakes were up.

McIntyre gained 3-4 to 35-3/4. Mining Corporation slipped 10 to 2-40 and Eldorado was about unchanged. Calgary & Edmonton lost 6 to 1-74, while Oklatka picked up 2 and Home and Royalite held steady.

## SEMI-STARVATION DIET TO REDUCE HIGH BLOOD PRESSURE

One of the gratifying findings in the treatment of ailments or disease is the knowledge that the use of certain foods can relieve the symptoms. Thus in epilepsy, avoiding or cutting down on starch foods—bread, potatoes, sugar—and also on liquids—tea, coffee, water, milk, soft and hard drinks—and the eating of more fat foods—butter, cream, egg yolks—will prevent or greatly lessen the severity of the attacks. In pernicious anemia the eating of liver, beef, kidney, hog's stomach will prolong life.

As the eating of food raises the blood pressure, treating high blood pressure by putting the patient on a starvation or semi-starvation diet has been tried with considerable success. Dr. J. Hartsilver, in the British Medical Journal, reports the results of treating 46 patients by semi-starvation with the following diet: 8:30 a.m., one cup of hot water or lemon water, and sugar; 9:30 a.m., orange or grapefruit juice; 1:00 p.m., hot vegetable soup (1 pint); 3:00 p.m., hot water or lemonade and grapes; 8:00 p.m.,

orange juice hot or cold; 7:30 p.m., vegetable soup. No meat extract and no bones should be used in preparing the vegetable soup. Use boiled potato water. Choose any or all of the following for flavoring, using a dessert-spoonful of the dried vegetables when fresh are not available: turnip and onion, celery, carrots, peas and shells and beans. Boil, thicken and add soaked dried peas or beans. Strain off solids. Salt and pepper to taste.

The patient remains on this diet for six days; on the seventh he eats what he likes. This diet is repeated each week so long as the symptoms improve, until the blood pressure approaches normal or there are signs of increasing weakness. When the patient feels weak, tea or even brandy is permissible. If the pangs of hunger become too hard to bear, green vegetables and tomatoes may be given and the soup need not be strained.

Headache and sleeplessness disappear in three days, blood pressure falls rapidly in 30 per cent of the cases, and, giddiness and breathlessness are commonly relieved by the end of the first week. The average length of time this diet is given in severe cases is about six to eight weeks. By going on this semi-starvation diet from time to time the patient may ward off severe symptoms for many years.

## LIVING FLOWER JEWELS MODISH

New Styles Are Shown at Convention Held Recently in Philadelphia

"Living Flower Jewels" following the mode of heavy, barbaric ornaments decreed by fashion for the coming season, is the smartest thing in flowers-for-wear, according to Mrs. W. H. Brown, Victoria, who attended the twenty-eighth annual convention of the International Florists' Telegraph Delivery Association in Philadelphia last week, and participated in a spectacular show of flowers and fashions staged at Convention Hall before an audience of more than 10,000 people prominent in style, social and civic centres of the East.

"These flower jewels take the form of heavy necklaces, armlets, brooches and coronets composed of blooms of rich hues, wine red, sapphire blue, rust and purple," said Mrs. Brown. "In fact, the newest thing is to wear flowers on the person, that is, not pinned directly on the gown, but worn in the hair, on the wrists, around the neck, on the handbag or on the hat."

### DAHLIAS FEATURED

Here are some of the up-to-the-minute 1937-38 fashions in "Flowers for Madams," introduced at the Philadelphia show, as described by Mrs. Brown.

Dahlias are featured in corsages, both for street and formal wear. Calots, or skull caps, fashioned of small flowers for evening. Juliet caps of strands of lilies of the valley for the bride.

Odd types of foliage add an exotic note to many arrangements—feathery Pampas grass is combined with Bird of Paradise flowers for a daring head dress. Ivy is used in corsages. Croton leaves are classic for hair ornaments. Thistle and heather boutonnières are smart with Scotch plaids. Berries and grasses is the flower note for tweeds.

### NEW ARRANGEMENT

A new prima donna in flowers-for-wear is the chrysanthemum. Petals of the white shaggy type are strung together to resemble ostrich, and make fetching hair ornaments. These petals are also used to fringe bridal veils. "The dumbbell" arrangement, two large chrysanthemums worn, is also top style.

The orchid remains the aristocrat—in fact, it is more popular than ever. A sophisticated fashion is to wear a black velvet throat band with one orchid jewel in the centre. Gardenias will be combined with orchids and with new types of roses. Camellias in varied shades—white, pink, coral, lip-stick red—are the "Flowers of Romance." White violets are the "elegant" flowers.

Twin clusters of flowers worn on the lapel of a tailored suit or on the collar of a fur coat, buttons of flowers down the front of a gown, brooches of small blooms worn centered on the bosom, top knots of flowers worn with Watteau evening veils, colonial nosegays for the bouffant dress and jabots of flowers cascading from the throat—all have their place in this year's fashion picture.

### WEDDING PARTIES

Four wedding parties were featured at the show, the informal wedding, the formal high noon wedding, the bride's second venture and the formal evening wedding, which climaxed the show. This was styled the Chateau Margaux wedding. The bride's five attendants wore satin dresses of "Dress of Wine," and carried glorified colonial bouquets of lilies of the valley accented with brown and green cypripedium orchids tufted with beige maline. The bride's gown of pearl Chateau Margaux satin was a glowing background for her flowers—lilies of the valley and Stephanotis. Her veil was a cloudy mist of beige maline. Mrs. Bert Schiller McDonald, international flower stylist of F.T.D.A., was in charge of the show.

### BUTTER-COW CHEESE OR FOOD OF CHIEFS?

Besides being one of the oldest of the edibles known to man, "butter" is a word with a good enough story to make this column!

Many things are said about butter, all of them good things, as indeed butter deserves.

For instance: Five hundred odd years ago, laborers in Paris got a pound of butter for a day's work—which may not have been so bad at that, possibly the compromise wage after a sit-down strike!

The Arabs of antiquity imputed to butter restorative qualities; to refresh their newly-arrived guests, they poured over their heads melted butter!

Butter was also one of the early fuels, being used at one time in lamps instead of oil.

And "butter" appears to be either a combination of two Greek words meaning "cow cheese," or a modification of the Scythian or barbaric word, ur, chief food or "food of chiefs."

### A RUSHING BUSINESS

"Yassah," said old Link, "business very good. Done bought a pig for ten dollars, traded pig for a barrel, barrel for a calf, calf for a bicycle, and sold bicycle for ten dollars."

"But yo' don't make nothing, Link!"

"Sho' nough, but look at de business Ah been doin'."
